Three More Small Italian Islands Surrender To Allied Troops

YANKS CAPTURE 500 MORE NAZIS

ALLIED HEADQUARTERS, In North Africa, July 31.—An Italy on the verge of capitulation or civil war, lost three more of its island possessions in the Mediterranean today and key-points on the mainland shuddered under the heavy impact of flying fortress bombs.

As a communique from Gen. Dwight D. Eisenhower announced steady advances by American and British troops, wiping up the remnants of Axis opposition on Sicily, the little islands of Favignana, Levanzo and Mergetimo in the Tyrrhenian Sea off the Sicilian port of Trapani surrendered unconditionally.

Islands Taken Over

Troops of the United States Seventh Army took over the three small islands three weeks to the day after the Allied invasion of Sicily began.

Gen. Sir Bernard L. Montgomery's British Eighth Army meanwhile continued slow but steady advances on the Catania front, inflicting heavy casualties upon the entrenched Germans.

At the same time, American detachments of the Seventh Army under command of Lt. Gen. George S. Patton, Jr., cracked harder into advance German positions after sweeping eastward into the teeth of a formidable Nazi line thrown up across the island to shield the Axis bridgehead in the Messina triangle.

Spearhead elements of the Seventh Army struck lightning blows in "baptismal" attacks against German strongholds in the north coast areas, netting 500 German prisoners among 941 taken in the latest sweeps.

Headless of dust and the rocky terrain, Canadian troops also smashed forward, pushing the battle line into solid German defenses guarding the Catania plain. French Moroccan groups also joined into the battle in this area.

Germans Launch New Drive In Donets Basin But Are Halted

REPORT ACTION ON LENINGRAD FRONT

By NATALIA RENE
(U. S. Staff Correspondent)

MOSCOW, July 31.—Russian forces pounding toward Ore from three directions were disclosed today to have gained from 2½ to six miles more, liberated another 20 inhabited localities and slain more than 5,000 Nazis.

At the same time, however, the Soviet high command revealed that the Germans had launched a new drive of their own in the Donets basin, attacking with large forces of tanks and infantry southwest of Voroshilovgrad.

Repulse Nazi Attacks
All of the Nazi attacks were declared to have been repulsed with heavy losses. In addition 14 enemy planes were blasted out of the sky.

The Germans also launched counter-attacks north of Ore, using tank-supported infantry and planes, but the Soviets threw the enemy back beyond their original positions. One strongly fortified Nazi strong point was captured and 800 Nazis killed when the counter-drive boom-crashed.

Once the Nazi attack was hurled back, Red army guards smashed forward and dislodged the enemy from several localities.

East of Ore, two more Nazi tank and infantry counter-attacks were halted and two thousand of the Germans were annihilated during the course of the day's fighting.

South of Ore, the communique said, the enemy counter-attacks several times, but was driven back sustaining heavy losses in men and equipment.

Kill 2,000 Germans
One Red army unit alone was credited with killing 2,000 Germans, destroying 15 tanks and capturing six others.

In the Belgorod area south of Ore there was intensive reconnaissance activity by both sides and in one sector enemy infantry and tanks futilely assaulted Russian defenses.

On the Leningrad front, far to the north, 52 enemy blockhouses were destroyed by Russian guns and trench mortars. A battalion of German infantry was annihilated as four German planes were shot down in aerial combat.

LONDON, July 31.—The Ruhr Valley industrial city of Remscheid was blasted in great strength early today by strong forces of the Royal Air Force as the mighty new cycle of aerial assaults against the Reich was carried into its eighth day.

Waves of Allied planes set out for the continent again this morning. Successive formations flying at great altitude crossed the Dover Straits to Northern France. German anti-aircraft batteries on the French coast sent up a heavy barrage.

Center Of Tool Industry
Remscheid, south of the Ruhr River and east of bomb-pocked Düsseldorf, is the center of the German machine tool industry.

The assault by hundreds of block-buster carrying British bombers cost the R. A. F. 15 planes. Two aircraft of the fighter command were lost in night operations.

Speedy light Mosquito bombers, Beaufighters and Intruder patrols attacked airfields and railway targets in France and Holland while the big bombers were over the Reich.

The weather over Remscheid was clear and the attack was well concentrated, the official air ministry communique said.

(U. S. Staff Correspondent)

UNITED NATIONS HEADQUARTERS IN AUSTRALIA, July 31.—American troops, employing tanks and flame throwers, moved forward in a general advance today on the Jap-held Munda air base on New Georgia Island in the Solomons.

The flame-throwers and tanks were thrown into action on the southern flank as the Allies increased their pressure in that sector. On the northern flank, the Allies repulsed a counter-attack.

Meanwhile, light Allied naval forces struck at Japanese shipping in the Vitiaz Straits off New Guinea and destroyed seven supply-laden barges.

Weather Handicap
Despite the worst weather that has prevailed in New Guinea in many weeks, four-motored American Liberator bombers again blasted the important Japanese base at Salamaua, while ground fighting continued in the Komati-Mount Tambora area and northwest of Tambora Bay. Twenty-five tons of bombs were dropped in the Salamaua area, but results could not be observed because of the poor visibility.

Japanese dive-bombers made light, ineffective raids on Allied positions in the Bobudi area and at Tambora Bay. Half a dozen enemy bombers, covered by an unusually large force of 19 fighters, also bombed and strafed the Garoka area, but (Continued On Page Two)

July Shows Big Losses For Japs

Destruction Exceeds All Records For Any Month In War

By LEE VAN ATTA
(U. S. Staff Correspondent)

SOMEWHERE IN AUSTRALIA, July 31.—Japanese military leaders tonight will could bid a delighted farewell to the month of July as the worst 31 days in Nippon's Pacific war history gave way to August.

Never in any similar period has such destruction been wrought against all components of the Rising Sun battle machine with so little cost to the Allies. When Gen. Douglas MacArthur opened his sustained Pacific offensive on June 30 it generally was presumed here that the United Nations forces, as aggressors, would have to expect consequent casualties and losses in air and naval strength. The fact that events have turned out exactly in reverse now is history.

In 31 days of fighting along a broad 700-mile western Pacific arc ranging from the Solomons to New Guinea, the imperial Japanese forces have suffered at least 446 aircraft destroyed, 600 probably destroyed; at least 15 destroyers and six light cruisers definitely sunk by sea and air action; at least seven merchantmen above 1,000 tons, and, perhaps most important of all, a total of 71 vitally needed supply barges sunk or destroyed on the beaches of the tropical isles fringing this sprawling war theater.

WASHINGTON, July 31.—The eighth naval bombardment this month against Japanese positions on Kiska in the Aleutians and another aerial attack by a lone Flying Fortress were announced today by the navy.

The navy said that light American warships bombarded Gertrude cove and the main camp areas on Kiska yesterday morning but that enemy batteries did not reply to the gunfire.

On Thursday, a single Flying Fortress attacked Japanese positions on Kiska but bad weather prevented observation of results.

The action brought to 61 the number of air attacks against Kiska in July and to eight the total of naval bombardments which apparently were designed to soften the island's defenses for an expected invasion by American forces.

BERNE, Switzerland, July 31.—The death toll of Fascists killed by peace rioters in Milan in demonstrations against Marshal Pietro Badoglio's failure to sign an immediate peace with the Allies rose to 700 today.

Seemingly reliable reports from across the Italian border said that Badoglio's troops had met only with moderate success in their efforts to wipe out disorders and put an end to a virtual general strike which tied up Milan's great war industries.

Gen. Giraud Named Commander And Gen. De Gaulle Head Of Defense Council

(International News Service)

ALLIED HEADQUARTERS IN NORTH AFRICA, July 31.—In a step designed to knit the Fighting French and other anti-Axis armed forces of France into a single command machine, Gen. Henri Honoré Giraud today was named commander-in-chief of all French forces in the Mediterranean.

Simultaneously, Gen. Charles de Gaulle, Fighting French leader, was appointed president of the council of national defense.

The move eliminated the dual chairmanship of the National Liberation committee, streamlining the conduct of that organization. It is expected to boost its efficiency.

Coming closely on the heels of Giraud's return from Washington and London, the new appointment will enable the French general to concentrate all his efforts toward expanding, modernizing and preparing the French troops for a major role in the war. It also gives him an opportunity to expedite the formation of a 300,000 man army in which many of his aides are extremely interested.

Break Within Next Few Hours Likely In Italy

Hitler May Seize Alleged "Communist Uprisings" As Invasion Excuse

MANY REPORTS ON ITALIAN SITUATION

By LEO V. DOLAN
(U. S. Staff Correspondent)

LONDON, July 31.—Possibility Nazi Germany may utilize alleged "communist uprisings" in Italy as an excuse for full-scale military occupation before Marshal Pietro Badoglio signs peace with the Allies was seen today in a flood of ominous dispatches reaching London.

As all signs pointed to a momentous break within the next few hours that may take Italy out of the war or else turn the peninsula into a bloody battlefield, there were numerous signs that Adolf Hitler may have decided to seize the country and transform it into the arena of a showdown fight to save Germany itself from early invasion.

Radio broadcasts from Berlin and dispatches circulated by the official Nazi DNB news agency emphasized the spread of communist demonstrations reported spreading throughout Italy.

Developments came fast as a decision by the Italian government on the honorable peace offered by Gen. Dwight D. Eisenhower appeared near.

Latest Rumors
The latest flood of rumors and reports included:
1. A report that the Nazis were seizing control of all northern Italy.
2. Reports that German troops were disarming Italian soldiers in Greece.
3. German consuls were said to have advised German residents in Italy to leave for their homes immediately.
4. Unconfirmed rumors spread through London that an armistice with Italy will be signed tomorrow.
5. A political commentator of the Berlin radio said that "the coming week may bring about extremely important developments for us and the European continent."

From the flood of reports pouring into London from the continent it appeared Italian Premier Marshal Pietro Badoglio was striving to achieve peace with the Allies while the Nazis threatened to turn Italy into a battleground to counter the approach of Allied armies close to the borders of the Reich.

Disarming Italians
The reports from the Middle East concerning disarming of Italian troops indicated a German determination to prevent Badoglio from reclaiming Italian soldiers in occupied territories prior to signing of an armistice.

Official London said that no overt move has been received as yet from Badoglio and it appears that he is stalling despite the popular clamor for peace in an attempt to prevent (Continued On Page Two)

PA NEW OBSERVES

Induction of the men from the various boards in Lawrence county in the July call has been marked by the assignment of a great number of the men to navy service. Almost half of those accepted from the two county boards, were assigned to sea service.

With no further rainfall last night or today, in New Castle, the July record announced yesterday will probably stand for the rainfall of the month. All records for July rainfall for many years have been broken in the deluges during the past month.

New Castle will welcome a lot of visiting pastors during the next few weeks, as regulation vacation period for local ministers is ushered in with the advent of August.

About two weeks ago, a story by Owen Fox appeared in "The News" telling of a red squirrel killing and devouring young robins from out the nest. This brought two letters from bird lovers to Mr. Fox from Florida "News" readers, also a letter from Greenville, all expressing resentment to the rodent.

Work Stoppages To Be Opposed

Governor Commission District Attorneys To Act
To Prevent Work Halting

VITAL WAR WORK MUST BE PUSHED

(International News Service)
PITTSBURGH, July 31.—Pennsylvania's district attorneys were commissioned today by Governor Edward Martin to employ their "fullest powers" to prevent disastrous work stoppages at vital war plants throughout the state.

Revealing that 1950 county district attorneys were granted for their respective localities all the criminal powers of the state attorney general, the governor instructed the law enforcement officers to "Keep a watchful eye in your county and to head off any trouble, any friction, any disorder or disturbance that hinders war work."

"There is hardly a county in this commonwealth that is not doing work of national importance in producing the equipment and tools of war," Martin told the convention of the Pennsylvania Association of District Attorneys here last night.

Up To Officials
"Anything that cuts down production for a day or even an hour is a crime against the community, the state and the nation at a time when the full fighting strength of the United Nations has not yet penetrated the hard core of our enemies."

"It is up to you district attorneys to see that this vital work is not hindered, stopped or disturbed by friction or disorder. Remember, you have the fullest power to investigate and prevent any production disaster."

The governor added that county district attorneys would have an equally important post-war job to do—that of "curbing another shameful era of crime waves such as followed in the wake of the first world war."

He asked the attorneys to join with regular police forces and plan now to deal with such a possible situation. "There must be no lost generations this time," Martin concluded.

GERMANY TAKING OVER DEFENSE OF NORTHERN ITALY

(Continued From Page One)

ington diplomatic sources believe the new Fascist regime of King Victor Emmanuel and Marshal Pietro Badoglio will soon be compelled to sue for peace.

There were persistent though unconfirmed reports in Washington that peace overtures already have been received by the British government from third parties allegedly representing the new Italian government.

President Roosevelt said the United Nations are willing to deal for peace with anyone in Italy who is not a Fascist.

Italians Desire Peace
Official Washington is greatly relieved and gratified by the neutral diplomatic advices indicating the desire of the Italian people for peace.

It was feared that when Benito Mussolini quit and his Fascist regime collapsed, the king and Marshal Badoglio might be able to rally the people in a great national movement to fight on—not for Fascism, not for the Axis, but in defense of their sacred soil.

However, the diplomatic advices indicate that the Italian people interpreted Mussolini's downfall as a major step toward peace. The reports so far received from sources within Italy are to the effect that the new government has experienced the greatest difficulty in trying to rally the people to continue the war.

The view prevails in official circles in Washington that Germany has played a major role in helping to win the war for the Allies in Italy. The Germans appear to have succeeded in getting themselves so intensely disliked by the Italians that the latter apparently prefer surrendering their country to the Allies rather than continuing to fight with the Nazis.

It is claimed that the tires on the right side of an automobile wear out 30 per cent faster than those on the left side, due to the crown of the road throwing the weight of the car to the right.

Second Ward Accountant Seeks
Republican Nomination At
September Primaries

B. N. HANLON

B. N. Hanlon of 238 Euclid avenue today announces his candidacy for the Republican nomination for city treasurer subject to the primary election to be held Tuesday, September 14.

Mr. Hanlon is the secretary-manager of the New Castle Motor club and has been an accountant for the past 30 years. His announcement follows:

"The city treasurer's office is one of the most important in our city government for it is the city treasurer's responsibility to collect the taxes, keep an accurate account of them and disperse them strictly according to law. Through his hands in his four-year term pass millions of dollars of tax money. Obviously the city treasurer should be one experienced in accountancy."

"For the past 30 years I have been an accountant. I am a candidate for the Republican nomination for city treasurer and submit as my reason for being a candidate only the fact that I am qualified by years of experience to do the work."

"The city treasurer is a ministerial official. He is not a policy maker, not an executive officer. His job is to account to the people for the money they have paid to him in the form of taxes. I ask the support of Republican voters at the primary election on September 14th."

fare to a campaign of quick thrusts against scattered key positions held by the Japanese.

Such was the interpretation placed on Secretary of the Navy Knox's statement that it was "not reasonable to assume that the method being pursued will be the one of the future."

Just when the change will come is a military secret, but the speed of modern warfare makes it possible to make drastic switches at a moment's notice.

Indicate New Plans
The announcement of Maj. Gen. Alexander A. Vandegrift had been promoted to lieutenant general and placed in command of the first marine amphibious corps indicated that new plans for the war against the Japanese already are under way.

The change was significant in view of the fact that Vandegrift led the marines in the invasion of Japanese-held Guadalcanal nearly a year ago.

Knox and other high ranking naval leaders have denied repeatedly that the United States was committed in the Pacific to a slow island-to-island campaign.

However, developments during the past 18 months have shown that the United States has found it necessary to move slowly against the Japanese while laying the groundwork for more important moves at any time.

The estimate of 700 dead applied to Milan alone. Casualties among towns and cities of Northern Italy. One report said that Mussolini supporters had seized government rations over a wide area and equipped themselves for a new "march on Rome" before Badoglio's army was able to restore order.

Bombers Active
American bombers were active yesterday over New Britain, New Guinea, the Solomon Islands and other Nipponese island outposts in the Southwest Pacific.

One formation of heavy bombers protected by a strong fighter escort attacked the Ballale airfield on Bougainville Island in the Northern Solomons, setting fires which rose 200 feet high. Twenty-five enemy fighters were encountered in the area, but for some inexplicable reason they avoided battle.

Medium bombers raided enemy shipping off the coast of Cape Gloucester between Borgen Bay and Cape Busching, bombing and strafing barge concentrations and shore installations. At least four Jap barges were definitely destroyed and many others were damaged or destroyed.

Allied torpedo and dive-bombers also hammered enemy installations at Gasmata on New Britain, but the results could not be observed because of adverse weather.

HE GETS THE DIRT (Continued From Page One)

CAMP STEWART, Ga.—"Send me the dirt from Altoona," Cpl. Robert P. Patterson wrote a friend in Altoona, Pa. The Stewart Service Command soldier waited for his newly letter. But the friend took him at his word and instead, he received a teaspoonful of dirt, neatly wrapped in cellophane.

Monday, Aug. 2, 1943, The Castleton, 12:10 to 1:30.

Fellow Rotarian:
Our first business meeting of the new administration. We may have a new member to take in this time.

Letters have been received from former members of the club: Baldy Kamenberg and Harold McCullough, who both send regards to the members and informed us that they are both Rotarians in the present home city.

Makers uppers—Gerald Nord at Bessemer, Doc Brown at Mercer. Your attendance is checked from the luncheon ticket so it behooves you to see that it is taken up from the table.

Heavy fines will be levied on anyone knowing of a fellow Rotarian being ill and not reporting it to the fellowship committee or the secretary.

Secretary.

Fill Vacancies On
'Plain Dealer' Left
By J. S. McCarrens

(International News Service)
CLEVELAND, July 31.—Sterling E. Graham today succeeded the late John S. McCarrens as general manager of the Cleveland Plain Dealer and I. F. Freiberger advanced to the presidency of the Forest City Publishing Co.

McCarrens held both positions. He died a week ago of bullet wounds inflicted in his office by Herbert L. Kobrak, who killed himself after shooting McCarrens.

Graham, the new general manager, joined the Plain Dealer in 1924 as an advertising salesman and for about 10 years has served as advertising manager. He is 51 and served overseas as a captain in the first world war.

Freiberger has been first vice president of the company, which also publishes the Cleveland News.

Deaths of the Day

David Jenkins Young
David Jenkins Young, six and a half months old son of Dr. David Chester Young and Barbara Jenkins Young, formerly of 1212 East Washington street, died at Benning Park, Ga., on Friday, July 30, at 9 a. m. Death was caused by pneumonia.

The baby was born in Fort Benning hospital on January 13, 1943. Surviving are his parents; a grandfather, R. C. Young of New Castle; a grandmother, Mrs. Walter Jenkins of Loganport, Ind.; and a great-grandmother, Mrs. E. J. Scott of Noblesville, Ind.

The body is being brought here and will arrive in this city late Sunday night. Monday afternoon at 2:30 o'clock there will be a family graveside service at Castle View Burial Park with Rev. J. Calvin Rose, pastor of the Second U. P. church, in charge.

Miss Anna, an aunt of Dr. Young, who had been visiting at Benning Park for the past three weeks, will accompany them home.

Mrs. Charles A. Shepp, Sr.
Mrs. Mary McDermott Shepp, widow of the late Charles A. Shepp, Sr., of 1712 Highland avenue, passed away at her home Friday, following an illness.

Mrs. Shepp was born in New Castle, the daughter of Michael and Ella McDermott, and had spent her entire life here. Her death occurred just one year to the day following the death of her husband, who was killed when struck by an automobile while crossing the street near his home.

She was a member of St. Mary's church and the L. C. B. A.

Surviving are three children, Agnes E. Shepp and John C. Shepp at home and Charles A. Shepp, Jr., who is stationed at Fort McDowell, Angel Island, Calif. She also leaves one sister, Mrs. David Bevan of New Castle.

Funeral arrangements are incomplete pending the arrival of Charles, who is enroute home, and will be announced later.

Mrs. Kerr Funeral.
Funeral services for Mrs. Sara Shaw Kerr, 940 Adams street, were conducted at the R. L. Boyd funeral home, North Jefferson street, Friday afternoon at 2:30 o'clock with Rev. J. Calvin Rose, pastor of the Second United Presbyterian church, and Rev. W. A. Thornton, pastor of Epworth Methodist church, officiating.

Palbearers were Carl Cover, Walter Cover, Richard Polson, Edwin Earl Clark Thompson and Walter Hamilton.

Interment was in Mt. Hermon cemetery.

Dr. Davis Funeral.
Largely attended funeral services for Dr. Charles W. Davis, North Cedar street, were conducted Friday afternoon at 2:30 o'clock at the Mahoning Methodist church with the pastor, Rev. Warren Bugbee, in charge.

During services, Mrs. Chester Johnson and Mrs. Ralph Scowden sang two appropriate selections.

Palbearers were J. M. Yates, Joseph Gilmore, William J. Taylor, Frank Gibson, Benjamin J. Butts and Joseph Walker.

Interment was in Gracefield cemetery.

Smith Funeral.
Funeral services for Apollo Smith, South Beaver street, were held Friday evening at 7 o'clock in St. Luke A.M.E. Zion church with Rev. G. D. Choice, pastor of Bethel A.M.E. church, in charge, assisted by Rev. K. M. Taylor and Rev. N. L. Meeks.

Bethel senior choir sang appropriate selections and there was a solo by Mrs. Vernel Mitchell.

New Castle lodge, No. 3725, G.U.O.F., also conducted services and members of the lodge acted as pallbearers.

The body was shipped to Maysville, Ky., this morning for burial.

front Russian scouts broke into the Nazi trenches and killed an undisclosed number of Nazis with hand grenades. In another, a Russian detachment dislodged the Germans from an inhabited locality. Another Nazi garrison was driven out of an unnamed town on the Kalinin front northwest of Moscow.

Russian planes were credited with sinking an enemy transport in the Gulf of Finland and, among other, while in the Barents Sea Soviet warships sank two German patrol vessels.

It was also revealed that on Thursday the Russians destroyed 37 German planes and 21 tanks.

PROGRAM AT STADIUM THRILLS CROWD FRIDAY

(Continued From Page One)

rection of Miss Christina Giannotti presented a baton drill that was intricate, fast and cleverly presented.

The most impressive moment of the program of entertainment came when the ceremony of "Retreat" was held. The GAC's marched to the flag pole and while the band played the "Star-Spangled Banner," the flag came slowly down.

The boxing started immediately after, an account of which will be found upon the sport page.

Colorful Crowd
The crowd was probably the most colorful ever seen in the stadium. Enlisted men and commissioned officers, bars and leaves and gold braid, soldiers, sailors, coast guardsmen WAC's and SPARS, all of them with their different uniforms and all of them enjoying themselves.

A number of the visiting officers were introduced to the crowd. Among them were Col. and Mrs. C. J. Gentzkow, Major Sidney Ellis, Captain and Mrs. Irving E. Bezanon, Captain and Mrs. Joseph Wolkowski, Lieutenant James Baker and Lieutenant T. L. P. Perry all of the Deshon hospital. From the Coast Guard were Commander Francis Leahy, Lieutenant R. W. Brown, Ensign Rita Hansen, and from the WAC's Lieutenant Margaret Mullineaux.

Men From Hospital Here
The group of service men that caught the fancy of the crowd was the group of 50 men from the hospital who were at the ringside. These were men from the fighting fronts of the war, men who had been wounded and are now convalescing. From the Solomons, from New Guinea, from the Aleutians and from North Africa they had come, all of them wounded. One of the group was introduced to the

Truck Taxes Mean Something Here In Lawrence County

Has it ever occurred to you what that truck ahead of you on the highway represents in a tax way? Today let's consider it and the rest of the trucks in the county as a tax producing source.

License fees alone for trucks and trailers operating out of Lawrence County approximate \$100,000. The gasoline tax paid by Lawrence County trucks approximates \$330,000. Add to these figures the taxes paid on truck properties and then consider the taxes paid by men and women engaged in the trucking industry here and the figures are amazing.

The trucking industry in Lawrence County truly means something to all of us. The tax collector can prove that.

CHARLINE BATES IS AGAIN HONORED

Honoring Miss Charline Bates, bride-elect, Miss Jane Rhodes was a pleasing hostess to a group of guests at her home on North Mercer street Friday evening, when she entertained informally at a lawn-shower party.

Croquet and other outdoor games filled in the early period, with 12 participating. At a suitable hour Miss Sara Louise Theophilus made the presentation of a collection of prettily wrapped packages which were stacked in a unique wheelbarrow. Many lovely gifts of a miscellaneous nature were revealed when opened by the honoree.

In serving a tasty repast the hostess was aided by her mother, Mrs. Russell Rhodes. Present from out of town were Miss Marian Thompson and Mrs. Don Garland of Warrington, and Mrs. Jack Orchard, of Hubbard, O.

Miss Bates will wed Chauncey Poots, of Pottsville, on August 7.

Cavalier Club

Mrs. Joseph Bosco of Pollock avenue entertained the Cavalier club Thursday evening.

Tables of 500 were in play, the prize going to Mrs. Sam-Flora.

Special guest was Mrs. Rose Fortunara and she received a gift. The hostess was also presented with a gift.

A delicious lunch was served by the hostess, aided by Mrs. Joseph Cambro and Mrs. Rose Fortunara.

August 15 is the meeting with Mrs. Sebastian Vericelli, Reynolds street.

Jolly Hour Club

Jolly Hour club met with Mrs. Bertha Brown, Winter avenue, Thursday evening, July 29, for a social time. After the awarding of honor prizes for contests to both Mrs. Brown and Mrs. L. C. Kelley, a delicious repast was served by the hostess' daughters, Cleora and Monta Brown.

In two weeks Mrs. Frank Dute, Neshannock avenue, will entertain.

BROWN-KIRCHER NEWS RECEIVED HERE TODAY

Word is received here today of the marriage of Miss Louise Brown, daughter of Mr. and Mrs. Albert Rowan 927 Franklin avenue, this city, and Technical Sergeant Regis R. Kircher, who is serving in the Engineer Corps at Camp Claiborne, La., a resident of Mt. Oliver, Pittsburgh, Pa. The ceremony took place July 16 at Alexandria, La.

The bride, a graduate of New Castle High with the class of '38, had been advertising manager of the Clovis Journal, Clovis, N. M., until recently.

For the present, Tech. Sgt. and Mrs. Kircher have taken up residence at 2427 Northview Drive, Crawford Addition, Alexandria, La., pending his call for overseas duty upon returning to her former position with the advertising department of the Post Gazette, Pittsburgh, Pa.

McCLURE BIBLE CLASS PARTY AT STREET HOME

McClure Bible class members of the First Presbyterian church were pleasantly entertained Friday evening in the Moody avenue home of Mr. and Mrs. Albert Street, the latter their teacher, at an informal party.

In the receiving line were Dr. and Mrs. J. J. McIlvaine, Mr. and Mrs. James A. Rugh, Mr. and Mrs. Russell McGill and Russell Bates.

A series of diversions claimed attention during the early period, with approximately 40 participating.

In serving refreshments, the hostess was aided by Mrs. William D. Stewart and Mrs. John McNeill.

Friendly Friends

Mrs. Carrie Calvert, Cedar street, entertained Friendly Friends club members in her home Friday evening. Prizes for 500 were won by Mrs. Paul Rishel and Mrs. Margaret Rees. A delicious repast was later enjoyed, the hostess being aided by Mrs. P. O. Alcorn.

In two weeks Mrs. Lee Cooper, of Smithfield street, will entertain.

BREAKFAST PARTY FOR SECTION E

Mrs. Jennie Shaffer of Butler avenue, extended the delightful hospitality of her gardens, to members of Section E of the Y. L. B. Class of the Third U. P. church on Friday morning, when they gathered for a 9 o'clock breakfast.

At tables arranged in the shade of the grape arbor, an appetizing menu was served. A tour of the gardens and later sewing and other pastimes, rounded out the enjoyable occasion.

Special guests included Mesdames Carl Weide, Higgins and Eckert. Mrs. Shaffer invited the group to her home on Friday, August 6 for a repeat event, with breakfast at 9.

REED-MCKISSICK

WEDDING EVENT TOLD

Miss Frances M. Reed, daughter of Mrs. Ethel Reed Woods, 1120 Hillman street, Youngstown, became the bride of K. M. (Marty) McKissick son of Mrs. Goldie McKissick Hilliard of 218 North Mulberry street, at a 4 o'clock afternoon ceremony on July 24 in the Second United Presbyterian church of this city, it is announced.

Rev. J. Calvin Rose officiated with a double ring ceremony in the presence of a large gathering of guests. The bride was given in marriage by her father, Charles M. Reed.

George L. Reed was her sister's maid of honor. Bridesmaids were Mrs. Dorothy McCombs and the Misses William Hilliard and Audrene Gribble.

Leonard Oberlightner served the groom as best man. Ushers were Robert Reed, Fred Baxter, James Gilliam and Robert Frederick of Youngstown, O. Appropriate wedding music was played by Mrs. Chester Shaffer. Soloist was Miss Betty Smith.

Following a wedding dinner at 5:30 at a local tearoom, a reception was held at the home of the groom's mother.

The bride and groom left for a Great Lakes boat trip and after today will be at home at 713 Emerson avenue.

LOMBARDI-FRANZE

WEDDING IN CHURCH

Quietly celebrated was the formal wedding ceremony which took place in St. Lucy's church, on Thursday morning when Miss Olga Lombardi, daughter of Mr. and Mrs. Bart Lombardi of 208 South Lafayette street, New Castle, became the bride of Michael Franze, Petty Officer, second class, son of Mr. and Mrs. Louis Franze of 919 Border avenue, Ellwood City.

The Rev. Fr. Sebastain Ippolito officiated in the presence of a gathering of friends and relatives of the couple, the single ring service being used. Violin soloist, contributed special music preceding and following the exchange of vows.

The couple had as their only attendants, Miss Emma Jean Parrott of Mahoningtown, and John Franze, brother of the bridegroom of Ellwood City.

During the afternoon, a few close friends were received at the bride's home, for a reception.

Later in the day, the newlyweds departed for their residence in San Diego, where the bridegroom is stationed with the U. S. Navy.

Mrs. Franze is a graduate of New Castle high with the class of 1940, and Petty Officer Franze graduated the same year from Ellwood City high.

MISS VERA HIETSCH HONORED BY CHOIR

THAT'S WHY GERSON CANNOT SHOW SO MANY

★

But those Benrus Watches we do have are the same super-fine, super-accurate, sturdy, dependable timepieces which have won Benrus the confidence of millions of Americans, and made it the official timing watch of many world famous airlines.

★

Fifteen hundred industrial soldiers are now fighting the war from their stations in the Benrus Watch Factories, at Waterbury, Connecticut and New York. They're using their long years of experience and fine watchmaking skill to produce delicate precision instruments for the Army and Navy. That's why they don't have time to make as many fine Benrus Shockproof Watches as formerly. And that's why we cannot show so many of them.

The Parent Problem

By Garry C. Myers, Ph. D.

IT IS amazing how many parents, by their own foolish attitude toward bugs, worms, toads, turtles and the like, inspire fears in their young children. These parents had, of course, learned such fears themselves from their parents.

These needless fears in the young child cause him unnecessary unhappiness and rob him of much useful pleasure, scientific interest and information. Besides, these fears induce the child to want to harm or destroy things.

On the other hand a young child may get valuable enjoyment observing the earthworm, ant, caterpillar, toad, or turtle when led to do so by a sensible adult. You and I have seen a lot of two or three spend long periods of delight at a stretch watching a busy group of ants by a sidewalk.

Fortunately, the modern elementary school has been cultivating wholesome attitudes in children. In almost any primary classroom one may see a terrarium with frogs, turtle, newts and the like in it, even some harmless snakes.

On a spring day, one may see in a schoolroom a beautiful moth or butterfly which the children watched as it burst from its cocoon. When young children of school learn to care tenderly for these creatures in the terrarium, the fishes in the aquarium, read stories they make up about them, or write imaginary letters to them, the children are gaining something very wholesome.

Through such experience they also learn to be kind to birds, rabbits, squirrels and other creatures of higher order. Often I have seen earlier snakes in a schoolroom, even large turtles crawling about the room. For the first time in my life, I held a live snake in my hands while visiting in a rural school in Utah a few years ago. What else could I do? A little girl took it from about her neck and trustily handed it to me very carefully. I'm glad I had enough courage not to run away, though I really wanted to. During my childhood, snakes were all to be feared and killed.

Children may learn kindness to animals from having pets at home. But too often the young child is allowed to handle a tender young creature too roughly for its safety. I once saw a three-year-old handle a very small turtle so roughly that it soon died. That was bad for the child.

Then the older child should be made to care for his pets faithfully. In case the parents fail to foster this responsibility in the child the pet should be disposed of. It is harmful for the character of a child to call a pet his own without taking responsibility for its proper care.

One Man's Opinion

By WALTER KIERNAN
INS Staff Writer

Well, the War Food Administration says that there will be 20 per cent less butter for us next year and it will go hard with the man who butters his toast on both sides.

We once asked a man who buttered his toast on both sides why he did it.

His answer was brief and beautiful.

"My lower teeth like butter too," he snarled.

It's a good thing for us that gasoline and butter do not mix. Else OPA would be telling us how to use the butter after we got it.

"Pleasure buttering is out," they would say. "You may have a quarter pound a week for essential bread spreading but anyone found greasing up corn on the cob will have his butter knife picked up for the duration."

That would rationing on top of rationing. It doesn't make sense but we've had a year of it with gasoline.

Thought for the day: We'll still be butter off than Mussolini.

THE CROW

The crow appears a mighty bird
And very smart, 'tis said,
While undisturbed he views the herd.

While no one challenges his might,
He rules the country scene.
The biggest feathered thing in sight.

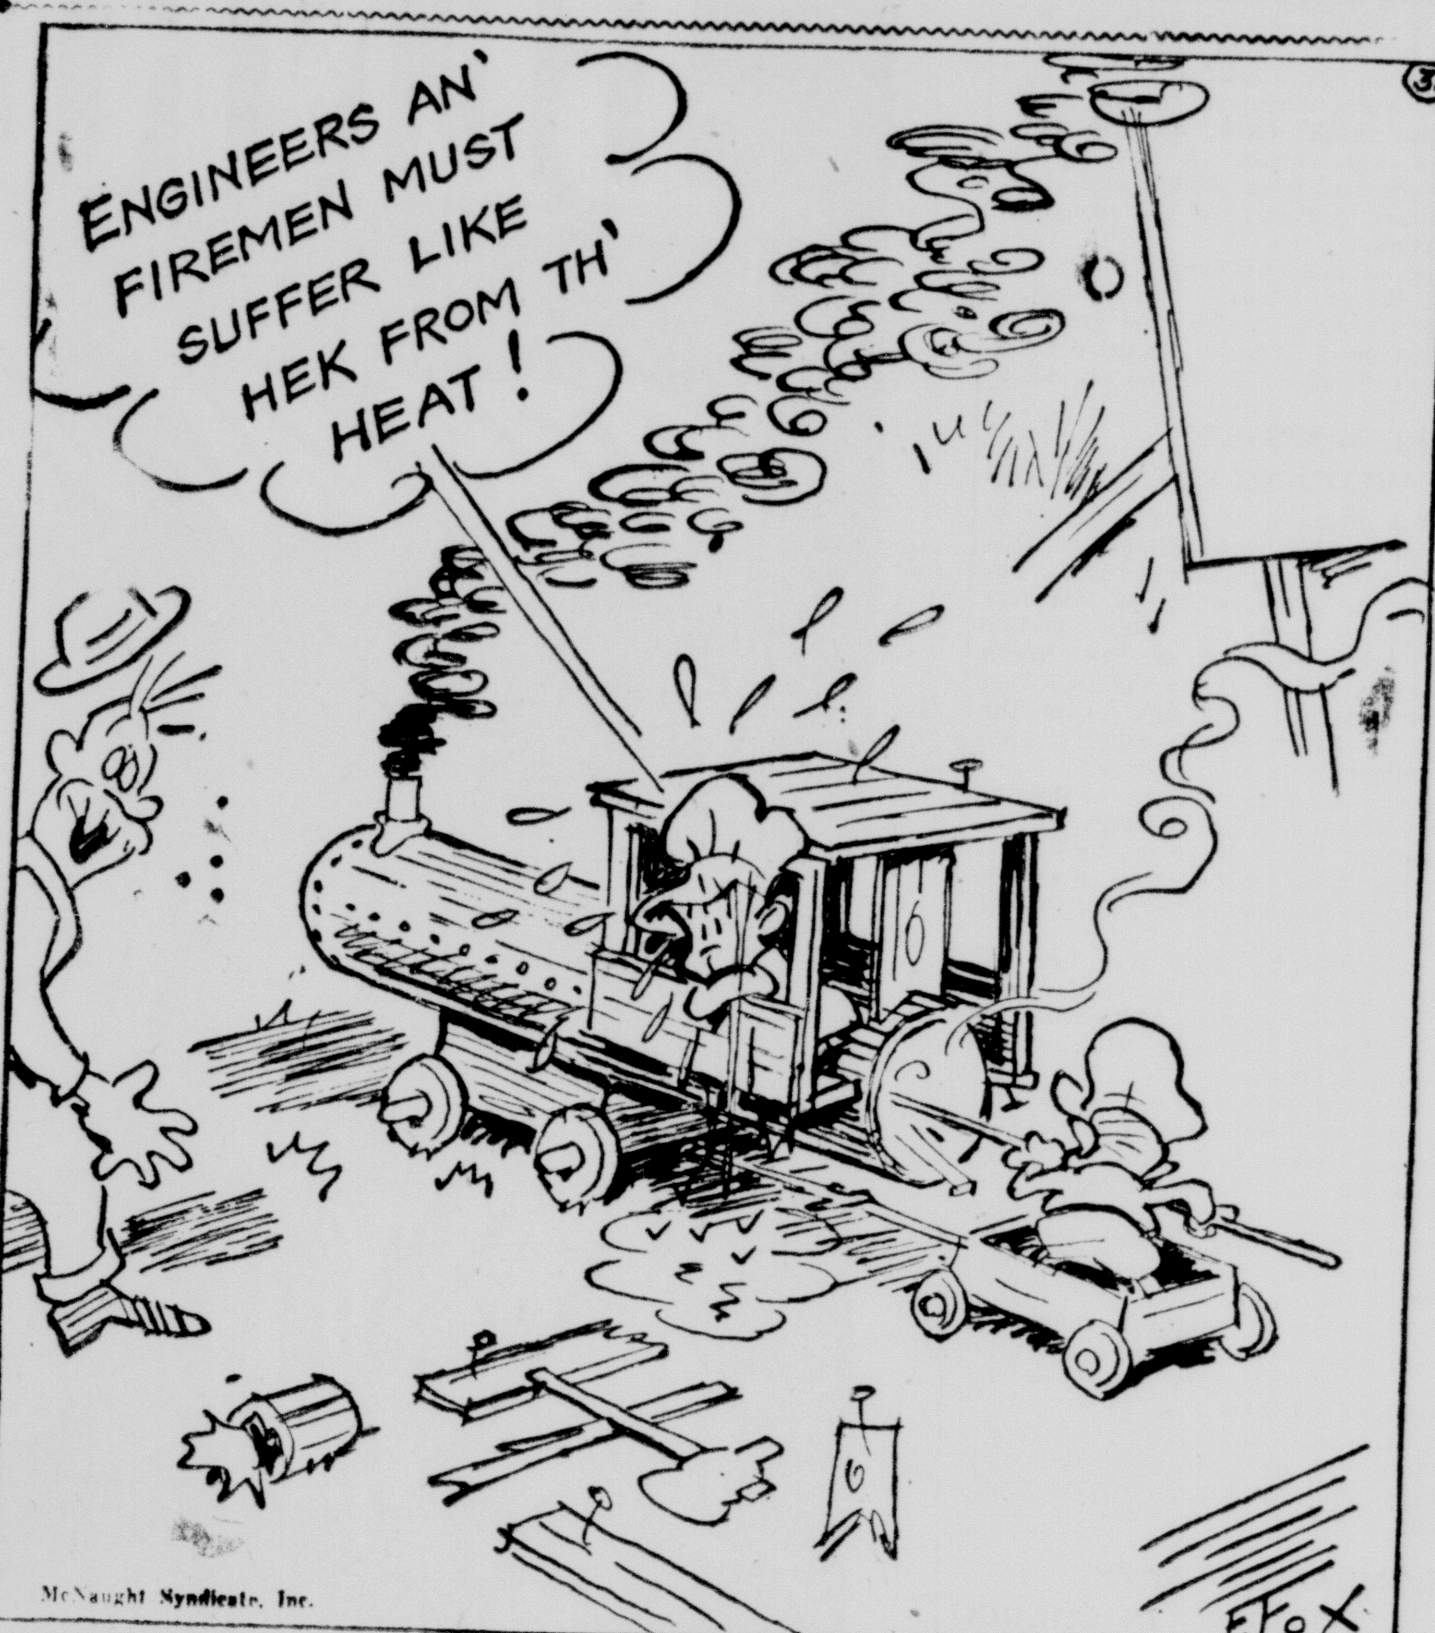

And selfish, sly and mean.
When six or seven crows convene
They set their sentences out
To signal loudly when are seen
Their enemies about.

But should a gallant kingbird, small,
Come wheeling into sight,
They beat it for the forest fall,
And will not stay to fight.

The kingbird drives them as he will,
Until fatigued they fall.
For crows are mostly beaks and quills,
And have no heart at all.

HINTS AND DINTS

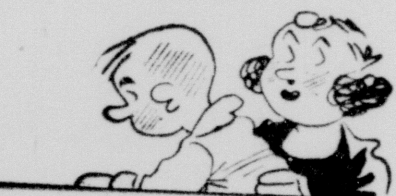

Sun sets tonight 8:16. Sun rises tomorrow 5:57.

It's harder to get an automobile now than it was when people had very little money.

We often hear the expression now "Isn't that a pretty garden?" Of course it's the garden that have the weeds pulled out of them.

It often happens now when some big guy gets a knock, people are glad.

It's a good idea to give some thought to what the American Legion is advocating these days. The members of it know what war is and what has happened after some wars.

There have always been people who thought they could run a newspaper better than the publisher. Now is the time for some of them to get a very good salary.

It looks as if Mussolini was popular only with himself.

A circus manager, having heard of a man 124 years of age, journeyed to his home to try and secure him for exhibition purposes.

"Well, my friend," said the circus manager, "the profits of your age seem to be all right. Now how would you like to come to my place, just do nothing but sit on a platform and let people look at you, and I will pay you \$100 a week?"

"I'd like it all right," answered the old man. "But I couldn't go, of course, unless I had my father's consent."

In some places Democrats are not running for office now. Probably they know the reason why after talking to voters.

Roasting ears taste pretty good without much butter—if you can afford to buy them.

The family seated at the table with a guest who was a business acquaintance of the father. All ready to enjoy the meal, when the five-year-old blurted out:

"Yes, said the mother, noting his surprised look. "What of it?"

"Well, daddy said this morning that he was going to bring home a big fish for dinner tonight."

Now is the season when much of the victory garden's enthusiasm melts and runs down into his shoes.

WHAT TIPS TO GIVE WHILE RATIONING

"For use during the coming vacation, please give me a schedule showing the proper tips."—Katherine A. G.

Answer: Bell Boy or Porter: For carrying baggage to hotel room, 25c to 50c, depending on the number of pieces. For delivering package or message to room, 10c to 15c. For an errand outside the hotel, 25c to 50c.

Chambermaid: 25c per overnight stay, or from \$1 to \$2 a week.

Check Room Attendant: 10c to 15c each time you claim your belongings.

Doorman: 25c if he handles your baggage or obtains a taxi for you. For no service, no tip.

Hotel Waiter: If a transient guest, 25c minimum a person a meal. For any check over \$2.50 give 10 per cent. If you stay a week or more, alone, \$5.00 a week.

Hotel Headwaiter: Minimum of \$1.00 if asked to reserve special table, provide special menu, or other individual service.

Trainmen and conductors: They expect no tips.

Parlor Car Porters: 25c a day.

Station Porter: For carrying luggage 25c; additional if he waits with you while you stop at ticket window, news-stand, etc.

Sleeping-Car Porter: Minimum for overnight passenger, 25c to 50c. If you pay for yourself only, 50c a day during a long journey.

Dining-Car Waiter: For a meal costing less than \$2.50, give 25 cents; over that cost, 10 per cent.

Dining-Car Head Waiter: Expects no tip unless asked for special service.

Taxi Driver: In addition to fare given 25c for check under \$2.50. Above that give 10 per cent.

WHOLE HOG OR NONE

Little Johnny, back home after a day spent on the farm, was relating his exciting experiences to his mother.

"Gee whiz, ma," he said, "once I saw a bunch of little pigs chase a great big pig round and round. Finally the big pig got so tired from running that she fell down and then the little pigs came up and ate the buttons off her vest."

Tip to doctors: In treating cases of amnesia, collect the fee in advance.

Boy—My dad, teacher said today that the law of gravity keeps us on earth. Is that right?

Father—Yes, my boy, that is correct.

Boy—Well, how did we get on before that law was passed?

Two persons can be as nearly alike as possible, and yet neither may look good to the other.

Thirty years from now, says an exchange, a lot of people will have a hard time with their birth records, having been born in trailers, near a war plant.

Poverty is not so bad for those of us who can enjoy the cheaper grades of pleasure.

MUST HAVE BEEN SNORING
Minister: "My dear lady, I hope I am mistaken but I thought I saw you talking during a sermon yesterday."

Stray Lamb: "You certainly are mistaken. Why, I never talk in my sleep."

Though short of help, the post office department is doing remarkably well. All bills are delivered to us promptly.

WHERE DID SHE GET THEM?
"Jim," she said, "as I settled down from a comfortable smoke, 'I've got a lot of things I want to talk to you about.'"

"Good," said her husband, "I'm glad to hear it. Usually you want to talk to me about a lot of things you haven't got."

There is always a breeze in Washington—stirred up by 400 salutes to the block.

Maybe Nero fiddled while Rome burned, but at least he didn't hold the fire department to make votes.

New Suburban Gardener—I don't seem able to tell my garden plants from weeds. How do you distinguish between them?

Old Suburban Gardener—The only sure way is to pull 'em out if they come up again, they're weeds.

An operation is never a good thing. It is only a choice of two evils, but it often postpones the other one.

The weakness in a good "selling point" is that people think cigarettes ruined when cellophane is no more.

Passenger (to pilot)—You'll bring me back safely, won't you?

Pilot—Have no fear, madam. I've never left anyone up there yet.

But why can't people behave without law if they know enough to make laws to make themselves behave?

The more we watch our "big men" quarrel, the more we wonder who could take Roosevelt's place.

But why does Roosevelt think America can manage itself now if it couldn't for the last ten years?

The outlook brightens, and we seem to be winning the war everywhere except at home.

Industry Discovers Impairments Are No Bar To Benefit More Than First World War Vets Present War-Wounded To Get Better Breaks

WASHINGTON, July 31.—When our boys come marching home, many bearing the scars of battle, their concern first and foremost will be to get a job.

And getting a job may be easier than it was after World War I, which ushered 234,300 war-wounded into a period of great unemployment, predicts a Washington woman who should know. She bases her optimism on what the physically handicapped are doing in war plants right now.

Mary Anderson, director of the women's bureau of the labor department since World War I, says she has proof. She points to the handicapped war workers doing jobs that only a shortage of labor would make possible. They are blazing a trail for the returning soldiers wounded or injured in the war.

These workers are proving assets, not liabilities, maintains the labor department official, adding that "employment of physically handicapped workers has increased 112 per cent in the last year."

With a grin, Miss Anderson confides, "They have overcome their biggest handicap . . . employer resistance."

Skeptical employers, faced with labor shortages, have half-heartedly tried out disabled persons in a great variety of jobs, and find their performance up to standard . . . and sometimes better.

Miss Anderson isn't guessing. Or basing her cheerful prediction on a few letters from enthusiastic employers. She conducted a survey of war plants in an eastern industrial area . . . and admits she was happily surprised herself with the results.

The survey revealed cardiacs are doing office work, amputees work on assembly and adjustment of small instrument parts; others on installation and fabrication in the electrical department. The hard-of-hearing and totally deaf are operating machines. Blind workers are checking and inspecting.

In one war factory producing box ends, blind workers are making a high production record. Seeing-eye dogs are parked near their work places. When the bell rings for rest periods, the dogs go to their masters. Also when the "quitting bell" rings the dogs escort their masters to the time cards and out of door so fast that the rest of the workers can hardly keep up with them.

The World and the Mud Puddles

DANGEROUS POLITICAL MACHINES

After the last New Jersey State election, the voters gave the Jersey City Hag machine a real hard jolt. They elected a Senator and a Governor radically opposed to all the works of the Hague machine.

As a result of the election, a proposed revision of the State Constitution is about to be placed before the voters. The one particular change, the Constitution is the reforming of New Jersey's peculiar judicial system.

New Jersey has a State Bar Association and this Bar Association refuses to approve the proposed revision to the State Constitution. This brings a charge by the influential Newark Evening News that the Association is "an annex of the Hague machine."

Reporting that at the Association's recent annual convention the Hudson County (Jersey City) delegates were in the saddle and made the most of their opportunities to strike at Governor Edison and the movement for constitutional revision, the News remarked that this control of the Association is easily explained.

"It's the power of the machine, the power to get out the vote," even if this paying up dues for non-paying members," the editorial declared.

The News predicted that the Association would be used to kill off sentiment for constitutional reform and noted that one of the convention speakers had asserted that the state court system was "an absurdity in the age of electric light and radio."

The editorial concluded with the following blarney as a racket:

"To this political control of an ostensibly professional organization, lawyers can find a ready explanation of why laymen criticize the Bar for its lack of real leadership in matters effecting its own profession. It explains why the retiring president William J. Connor, of Trenton, bluntly and courageously characterized some aspects of the profession as a racket."

The record of State Bar Associations is a pretty clean record. Usually, the recommendations of the lawyers composing State Bar Associations are pretty sound, but, unfortunately, with the growth of political machines in some States, a large number of lawyers belonging to the Bar Association of this or that State have been more interested in politics than in the making of wise and just laws. It is the old story of selfish interests. There are two political machines in this country that are, without question, very bad—the Kelley machine in Chicago and the Hague machine in Jersey City.

And it is just too bad when we find any self-respecting lawyer supporting either machine.

My research seemed to prove that the female of the species reacts quite differently to love from the male.

Some females yearn for tenderness and romance from the one they love, others like the caveman type—they love the quarrel followed by the kiss of conciliation.

The male, on the other hand, looks upon love as he does on a successful business deal or a fishing trip.

It's the conquest of the one he adores that gives him the greatest pleasure and if his loved one happens to be a glamour girl it tickles his vanity that she picked him out of all others.

Myself have been in love only once. I married the most painful experience of my life. I'd just as soon spend a month in a Turkish bath while someone was sticking pins into my flesh.

But when that was over, Love became peace and happiness and contentment and just about the nicest thing any fellow could get out of life.

I'll have to ask my wife some time how she feels about it.

Demobilization

WASHINGTON, July 31. REVELATION by the President in his Wednesday speech that the Administration has a program to avert the disastrous consequences of a hasty and disorderly demobilization is welcome and important. Hereafter, every time this question has been brought up various persons in and out of public office have arisen to say that this is no time to talk about it, that first we must win the war.

BUT, THAT does not make sense and the fact that Mr. Roosevelt has now put an end to this silliness and advanced a program is fine. Demobilization is the greatest of all post-war problems. Unless we talk and think about it before the war is won it will be too late to avoid far more terrible consequences than happened twenty-five years ago. Not long ago, Secretary of the Navy Knox warned against a too hasty demobilization. "When the war is over," he said, "there will be a great public clamor to bring the boys home, but if, yielding to that clamor, the demobilization is disorderly it will be a devastating shock to our society which it easily may not survive." Nearly everybody will agree about that.

NOW, Mr. Roosevelt comes forward with a program and urges Congress to see its duty and do it. It is encouraging to have a program and to know that thought is being given to this immensely vital problem. Nevertheless, there are things about the Roosevelt program which ought to be understood and discussed. For example, first, it should be noted that all six points of this program—based on handing out Government money to the returned soldiers and sailors and marines—six different ways of giving them money are provided—but nothing else.

According to the Roosevelt program, there are to be given large moneys to pay, unemployment insurance, educational training, and in various forms, Government insurance in various forms, liberalized hospitalization and medical care and pensions. It is an immense giving idea. The notable omission is that private industry, upon which the economic life of the country depends, has nothing to do with the program. The whole emphasis is on giving money one way or another (Continued On Page Six)

Looking At Life

By ERICH BRANDEIS

A woman walked into the Hartford, Conn., police station and complained about a man who, she said, had dragged her down two flights of stairs by the hair, choked and threatened to kill her.

"Don't worry, lady," the desk sergeant reassured her, "we'll arrest him in no time at all."

"Arrest him?" she replied. "I don't want him arrested. I want you to find him. He promised to marry me."

There isn't another subject in the world about which so much has been written as about love, but no one has yet been able to explain it. It may be loved and prevented from spreading through the system.

June not being a long gone, I made some research of my own on the subject and queried many persons who seemed to be afflicted.

To some love was just a delightful pastime, its fruits to be plucked just as cherries are plucked, enjoyed and forgotten.

To others, and particularly the very young and the middle-aged—it seemed to cause much pain and sleeplessness, the loss of appetite, mild form of insanity and fits of great exaltation as well as deep depression.

My research seemed to prove that the female of the species reacts quite differently to love from the male.

Some females yearn for tenderness and romance from the one they love, others like the caveman type—they love the quarrel followed by the kiss of conciliation.

The male, on the other hand, looks upon love as he does on a successful business deal or a fishing trip.

It's the conquest of the one he adores that gives him the greatest pleasure and if his loved one happens to be a glamour girl it tickles his vanity that she picked him out of all others.

Myself have been in love only once. I married the most painful experience of my life. I'd just as soon spend a month in a Turkish bath while someone was sticking pins into my flesh.

But when that was over, Love became peace and happiness and contentment and just about the nicest thing any fellow could get out of life.

I'll have to ask my wife some time how she feels about it.

LEGION ALL STARS

TO PLAY SUNDAY

Another practice game will be staged by the American Legion All-Stars on Sunday afternoon at two o'clock, on the Ryantown grounds.

when the strong Keystone A. C. team will be met.

The Legion team has only lost one contest in practice play, but will have a hard game on tap Sunday, several of the Keystone players being former Legion Leaguers, now in the army, but who are home on furlough.

Tells Of Scenes In Italy When Mussolini Quit

(International News Service)
 LONDON, July 31.—An Italian lawyer who escaped over the Alps to Geneva, Switzerland, gave the first authentic eyewitness story today of the wild events that followed the downfall of Benito Mussolini as dictator of Italy.

His story, published in the London Daily Mail, revealed that the people in their excitement looted the homes of Fascists and destroyed everything they could find that was connected with Fascism.

The lawyer said he was on his way home in the early hours of Sunday morning after a night's work when he suddenly heard the cry in the distance:

"Mussolini has resigned!"

Streets Suddenly Filled

The empty streets were suddenly filled with people, as if by a miracle. They were so startled and bewildered that they passed the news on nervously in whispers, for they could not believe that their 21-year nightmare was at an end.

Then uniformed men took up the cry:

"Mussolini is gone! Badoglio is in power!"

Their whispering transformed into a roar, the people went crazy with joy. They hugged each other in the darkness and danced through the streets with tears streaming down their cheeks.

By dawn Monday, according to the eyewitness account, the streets were packed with people. Pandemonium broke loose. Vast processions paraded through the town, shouting:

"Down with Il Duce! Long live the king!"

Mobs Turn On Fascists

Then the mobs turned on everything Fascist—human beings, buildings, flags and symbols alike. Excited children ran screaming through the streets, dragging Fascist emblems through the dust. Great armies of workmen deserted their factories and marched into the center of the city, shouting that the war was over. Thousands more soon joined them and finally all work stopped.

Everywhere people were shouting: "Peace, peace! They're giving us peace!"

Then came the looting. Homes were smashed and leading Fascists sought cover in their well-filled wine cellars. Thousands of bottles of vintage wines and liquors were broken as the looters drank themselves drunk.

One mob overran the luxurious home of Roberto Farinacci, former secretary-general of the Fascist party, smashing furniture, dragging carpets out into the streets and ripping them to pieces.

Wimer Candidate For Commissioner

Announces Entry Into Race For Republican Nomination At September Primaries

EARL R. WIMER

As the constitution of the Commonwealth of Pennsylvania makes it impossible for County Treasurers to succeed themselves in office, and other reasons which I will later submit to the voters, I have decided to enter the Republican contest for Commissioner of Lawrence county.

On the first Monday of January next I will have completed my term as Treasurer, four years of the busiest, most interesting and most educational part of my life. For this experience I will always be grateful to the voters of Lawrence county.

The past three years have seen a great improvement in business and employment conditions in this county, which has made it possible for the property owners to clean up the large volume of delinquent taxes that were on file in the Treasurer's office when I took over. The payment of approximately \$400,000.00 of delinquent County Taxes, also payment during my term of \$250,000.00 of four-mill Personal Property Taxes, and the return from the Commonwealth of Pennsylvania of approximately \$300,000.00 of Gasoline Taxes has made it possible for the county officials to make great improvements in our county buildings, at the same time to reduce our county taxes to a figure never before experienced in this county. Thus the taxpayers, by cleaning up their old taxes of other years, have reduced their own current taxes.

The duties of a County Commissioner have been somewhat changed in the last few years since the Commonwealth has taken over the responsibility of building new roads and maintaining the old ones, maintaining most of our bridges, as well as the care of the poor; but there are still many important duties remaining for which, after three and one-half years of experience and observation as a county official, I feel I am qualified to perform, all of them in general, some in particular.

It is not necessary for me to dwell herein upon my past record in public office, I feel the voters know the answer, but would like to mention that during my term as County Treasurer I have handled approximately \$7,000,000.00 of the taxpayers' money and want to assure all that this money has been properly and honestly accounted for. The tax records in the office of the Treasurer have been put in order, and every property owner in Lawrence county should now know the true status of his or her delinquent taxes.

The next four years will be important ones to all of us. This period will, no doubt, see the end of the war, the return to normalcy and, we hope, the return of our American form of government. In this readjustment, local public officials will play no small part, and it behooves the voters to think ahead four years when selecting their public officials to be elected this year.

It is not too soon for us to begin to think and plan for the post-war period. I think a post-war Planning Commission should be formed right here in Lawrence county and that in this movement the County Commissioners should take an important part for the purpose of making sure that we do not return to the days of unemployment, to make sure that those boys and girls who left their homes and good jobs to fight our battles will be properly cared for when they return, and to see that private enterprise in Lawrence county shall again have the opportunity of doing business in the American way unhampered by bureaucracy, coupons and reports. Let us think of these things now and nominate and elect men to our public offices who have the stamina to stand on their heels and fight for a government of the people, by the people and for the people, locally as well as nationally.

I am now, and expect to continue, making personal contact with as many voters of the county as possible under the conditions, but realize it will be impossible to contact all the voters on a large scale as in former years without sacrificing fuel and other supplies which are so vital to the efforts of our armed forces, even though the government has made provision for gasoline for the use of candidates for office.

I earnestly solicit the votes and support of the Republican voters in this campaign and at the primaries to be held on September 14 next. I ask you to realize that in your consideration of candidates you should consider the fact that there is work to be done by the board of County Commissioners that should be done by men properly qualified, and if I am nominated and elected to this office I assure you that I will operate with the other members of this board in all things beneficial to the people and the general welfare of our county.

EARL R. WIMER.

The Textile Industry

The number one industry in our country is—food . . . its production and distribution. The number two industry is clothing . . . commonly referred to as the Textile Industry.

Progress in the Textile Industry started the day man discovered plants contained fibre . . . fibre that could be transformed into cloth. A trip through a modern Textile mill is indeed a revelation in science . . . engineering . . . ingenuity. From the field to the store shelf it's practically one continuous mechanical achievement.

Every time you refer to an industry as being "mechanical" then you name another market for the products of Johnson Bronze. In fact, many of the improvements made in the application of bearings to textile machinery were introduced by our engineers and salesmen.

Today, the Textile Industry is about wholly converted to war production. The list of important items produced by this group of manufacturers runs into the thousands . . . uniforms, tents, bandages, parachutes, blankets, and on down the line.

Today . . . as in the past . . . and in the future . . . this important industry regards Johnson Bronze as the preferred source of supply for Sleeve Type Bearings. Just another reason why we will continue to grow . . . to expand . . . to provide steady employment to the citizens of our community.

LEGION ALL STARS

TO PLAY SUNDAY

Another practice game will be staged by the American Legion All-Stars on Sunday afternoon at two o'clock, on the Ryantown grounds.

when the strong Keystone A. C. team will be met.

The Legion team has only lost one contest in practice play, but will have a hard game on tap Sunday, several of the Keystone players being former Legion Leaguers, now in the army, but who are home on furlough.

Tells Of Scenes In Italy When Mussolini Quit

(International News Service)
LONDON, July 31.—An Italian lawyer who escaped over the Alps to Geneva, Switzerland, gave the first authentic eyewitness story today of the wild events that followed the downfall of Benito Mussolini as dictator of Italy.

His story, published in the London Daily Mail, revealed that the people in their excitement looted the homes of Fascists and destroyed everything they could find that was connected with Fascism.

The lawyer said he was on his way home in the early hours of Sunday morning after a night's work when he suddenly heard the cry in the distance:

"Mussolini has resigned!"

Streets Suddenly Filled

The empty streets were suddenly filled with people, as if by a miracle. They were so startled and bewildered that they passed the news on nervously in whispers, for they could not believe that their 21-year nightmare was at an end.

Then uniformed men took up the cry:

"Mussolini is gone! Badoglio is in power!"

Their whispering transformed into a roar, the people went crazy with joy. They hugged each other in the darkness and danced through the streets with tears streaming down their cheeks.

By dawn Monday, according to the eyewitness account, the streets were packed with people. Pandemonium broke loose. Vast processions paraded through the town, shouting:

"Down with Il Duce! Long live the king!"

Mobs Turn On Fascists

Then the mobs turned on everything Fascist—human beings, buildings, flags and symbols alike. Excited children ran screaming through the streets, dragging Fascist emblems through the dust. Great armies of workmen deserted their factories and marched into the center of the city, shouting that the war was over. Thousands more soon joined them and finally all work stopped.

Everywhere people were shouting:

"Peace, peace! They're giving us peace!"

Then came the looting. Homes were smashed and looting Fascists sought cover in their well-filled wine cellars. Thousands of bottles of vintage wines and liquors were broken as the looters drank themselves drunk.

One mob overran the luxurious home of Roberto Farinacci, former secretary-general of the Fascist party, smashing furniture, dragging carpets out into the streets and ripping them to pieces.

Wimer Candidate For Commissioner

Announces Entry Into Race For Republican Nomination At September Primaries

EARL R. WIMER

As the constitution of the Commonwealth of Pennsylvania makes it impossible for County Treasurers to succeed themselves in office, and other reasons which I will later submit to the voters, I have decided to enter the Republican contest for Commissioner of Lawrence county.

On the first Monday of January next I will have completed my term as Treasurer, four years of the busiest, most interesting and most educational part of my life. For this experience I will always be grateful to the voters of Lawrence county.

The past three years have seen a great improvement in business and employment conditions in this county, which has made it possible for the property owners to clean up the large volume of delinquent taxes that were on file in the Treasurer's office when I took over. The payment of approximately \$400,000.00 of delinquent County Taxes, also payment during my term of \$260,571.00 of four-mill Personal Property Taxes, and the return from the Commonwealth of Pennsylvania of approximately \$300,000.00 of Gasoline Taxes has made it possible for the county officials to make great improvements in our county buildings, at the same time to reduce our county taxes to a figure never before experienced in this county. Thus the taxpayers, by cleaning up their old taxes of other years, have reduced their own current taxes.

The duties of a County Commissioner have been somewhat changed in the last few years since the Commonwealth has taken over the responsibility of building new roads and maintaining the old ones, maintaining most of our bridges, as well as the care of the poor; but there are still many important duties remaining for which, after three and one-half years of experience and observation as a county official, I feel I am qualified to perform, all of them in general, some in particular.

It is not necessary for me to dwell herein upon my past record in public office. I feel the voters know the answer, but would like to mention that during my term as County Treasurer I have handled approximately \$7,000,000.00 of the taxpayers' money and want to assure all that this money has been properly and honestly accounted for. The tax records in the office of the Treasurer have been put in order, and every property owner in Lawrence county should now know the true status of his or her delinquent taxes.

The next four years will be important ones to all of us. This period will, no doubt, see the end of the war, the return to normalcy and, we hope, the return of our American form of government. In this readjustment, local public officials will play no small part, and it behooves the voters to think ahead four years when selecting their public officials to be elected this year.

It is not too soon for us to begin to think and plan for the post-war period. I think a post-war Planning Commission should be formed right here in Lawrence county and that in this movement the County Commissioners should take an important part for the purpose of making sure that we do not return to those days of unemployment, to make sure that those boys and girls who left their homes and good jobs to fight our battles will be properly cared for when they return, and to see that private enterprise in Lawrence county shall again have the opportunity of doing business in the American way unhampered by bureaucracy, coupons and reports. Let us think of these things now and nominate and elect men to our public offices who have the stamina to stand on their heels and fight for a government of the people, by the people and for the people, locally as well as nationally.

I am now, and expect to continue, making personal contact with as many voters of the county as possible under the conditions, but realize it will be impossible to contact all the voters on a large scale as in former years without sacrificing fuel and other supplies which are so vital to the efforts of our armed forces, even though the government has made provision for gasoline for the use of candidates for office.

I earnestly solicit the votes and support of the Republican voters in this campaign and at the primaries to be held on September 14 next. I ask you to realize that in your selection of candidates you should consider the fact that there is work to be done by the board of Commissioners that should be done by men properly qualified, and if I am nominated and elected to this office I assure you that I will operate with the other members of this board in all things beneficial to the people and the general welfare of our county.

EARL R. WIMER.

JOHNSON BRONZE Looks to the Future

A view of the Spinning Room where cotton fibers are braided into thread and wound onto spools.

A view of a modern Weave Room where thread is woven into fabric. All of this equipment is practically automatic.

The Textile Industry

The number one industry in our country is—food . . . its production and distribution. The number two industry is clothing . . . commonly referred to as the Textile Industry.

Progress in the Textile Industry started the day man discovered plants contained fibre . . . fibre that could be transformed into cloth. A trip through a modern Textile mill is indeed a revelation in science . . . engineering . . . ingenuity. From the field to the store shelf it's practically one continuous mechanical achievement.

Every time you refer to an industry as being "mechanical" then you name another market for the products of Johnson Bronze. In fact, many of the improvements made in the application of bearings to textile machinery were introduced by our engineers and salesmen.

Today, the Textile Industry is about wholly converted to war production. The list of important items produced by this group of manufacturers runs into the thousands . . . uniforms, tents, bandages, parachutes, blankets, and on down the line.

Today . . . as in the past . . . and in the future . . . this important industry regards Johnson Bronze as the preferred source of supply for Sleeve Type Bearings. Just another reason why we will continue to grow . . . to expand . . . to provide steady employment to the citizens of our community.

THE GREAT GAME OF POLITICS

(Continued From Page Four)

and the giving is all to be done by the Government with Government money.

APPARENTLY the Roosevelt program ignores the basic fact that the great things these returning soldiers and sailors will need and want are jobs. And that jobs can only be supplied adequately by American industry. If the latter does not flourish, then there can be no jobs. Apparently this idea has not entered into the Roosevelt calculations. It would seem that his idea is to make all these soldiers, sailors and marines Governmental wards, who will look to the Government for everything they want and be assured that they will receive it. It appears a typical New Deal plan which has been evolved by a Brain Trust, based on their spending philosophy and ruling out consideration that the biggest, surest and best way to solve the demobilization problem is to help American industry, which is doing the job of war production, convert itself after the war into a peacetime production that will supply the adequate jobs.

THAT IS WHAT the boys will want and what they are entitled to. They do not want to become hand-fed sheep of the great Government shepherd, recipients in one way or another of Administration largess. They want jobs, and these can come only from industry. A long time ago Mr. Charles E. Wilson, head of the General Electric Company and now the directing force in the WPB, thinking on this problem, suggested the creation of a commission composed of a "few wise and courageous men" and representing government, industry, labor, finance, farmers, management, to consider and work out plans. He made it clear that there should be no place for second-grade men on this commission. Various others seconded Mr. Wilson's suggestion. It had large publicity and was widely endorsed. But nothing was done about it. The Roosevelt program as now revealed takes no account of either industry or agriculture. It is not the product of any such commission as outlined above. It is wholly an Administration program and, while some of its features undoubtedly are good, it does not provide an adequate solution for this, our most pressing post-war problem. That solution can be found only in the close cooperation of industry, labor, farmers, finance, management and government. Government cannot—and should not—do it alone.

What Noted People Say

(International News Service)

ALLIED HEADQUARTERS IN NORTH AFRICA—Gen. Dwight D. Eisenhower tells the Italian people: "We are coming to you as liberators. Your part is to cease immediately any assistance to the German military forces in your country. If you do this, we will rid you of the Germans and deliver you from the horrors of war."

DETROIT—Henry Ford celebrates his 80th birthday. "I don't feel any different than usual. If I felt better I would have to run."

WASHINGTON—Rear Admiral Randall Jacobs congratulates the WAVES on their first birthday. "In one short year, the women of the navy have won the respect of the naval service and have proved themselves of immeasurable value to the nation."

THREE BOYS DROWN

NEAR NEW PORT, PA.

(International News Service)

NEW PORT, Pa., July 31—The deaths of three young boys while wading in a creek near Markelsville left their families stunned with grief today.

Eight-year-old Marvin Bretz of Harrisburg, Robert Wagner, 13, of Enola, and Raymond Flickinger of Markelsville were carrying stones for a farmer building a cement bridgehead yesterday when they stepped into a deep hole and drowned before aid could be summoned.

held a job for seven years and out of gratitude to his employer refuses to take a higher-paid war job.

In 1942, placements of physically handicapped workers by local offices increased by 112 per cent, from 14,318 during the first quarter of the year to 30,347 during the last quarter.

"Yet, there is need for improvement," Miss Anderson points out. "Disabled individuals number over 10 per cent of the applicants in the active file of some employment offices, but handicapped placements in 1940 were only 0.7 per cent of the total. By the end of 1942 they had risen to only 1.3 per cent of the total."

The government does not frown upon the hiring of handicapped workers. In fact, the Federal Civil Service Commission has met the present emergency by lowering considerably the physical requirements for many jobs.

Moreover, they have made surveys to see where and how the handicapped might be employed on an even bigger scale.

SPEAKING SUNDAY AT WESLEYAN CHURCH

Rev. W. G. Steele, pastor of the Wesleyan Methodist church at Saratoga, Pa., will be the speaker at the local, Wesleyan Methodist church, Lyndal street, on Sunday.

Rev. E. D. Lupton, pastor of the local church, announces that Mr. Steele will be in charge of the first quarterly meeting here this evening and will speak at 11 a. m. and 7:30 p. m. Sunday.

No Opposition To U. S. Bombers In Raid On Italy
By CLINTON GREEN
(N. Y. Staff Correspondent)

ALLIED HEADQUARTERS IN NORTH AFRICA, July 31.—American Fighting Fortresses, which carried out a heavy raid against the Grottaglie airfield 10 miles east of Taranto on the heel of the Italian boot, failed to encounter any enemy fighters during their 1,300-mile flight, allied headquarters announced today.

Anti-aircraft opposition against the flyers, who dived far over the Mediterranean yesterday to carry out the assault, also was negligible, returning airmen reported.

Lieut. Terry R. Barton of Colbert, Wash., pilot of one of the huge four-motored bombers, declared: "We just rode over, dropped our bombs and returned. There were no fighters and very little flak. No excitement of any kind—just a long ride."

That the raiders succeeded in inflicting heavy damage on their objective was seen in a report submitted by Lieut. Lewis S. Frank of Scotland Neck, N. C., who watched the bombing from his vantage point as bombardier on one plane.

READY FOR RAIDS

(International News Service)
LONDON—British government offices are today prepared for any resumption of heavy air raids. Shadow offices, described as "crash buildings" in which switchboards and telephones have been installed are ready for instant occupation in various parts of Britain.

Social Security Office Here Takes Over Mercer County

A. L. Fath, Announcing Economy Move, Plans Thursday Service In Sharon

A. L. Fath, manager of the New Castle Social Security Board field office said today that wartime economy having made necessary the closing of the field office at Sharon on July 31, its functions will be carried on from the social security office in the Johnson building here.

Where formerly the local office served Lawrence, Butler, and Armstrong counties, it will now serve Lawrence, Butler and Mercer counties.

A part-time field representative will be available at Sharon every Thursday, from 11 a. m. to 4 p. m., beginning August 5, to serve residents of Sharon, Farrell, Sharpsville, Mercer, Greenville, Grove City and other outlying communities. His office will be located at the United States Employment Service office in Sharon, corner of Pitt street and Shenango avenue.

In Butler, a representative will continue to be available at the U. S. E. S. office on the second and fourth Thursdays of every month.

Mr. Fath said that additional time-points or part-time offices may be established in this area when the Bureau of Old Age and Survivors Insurance completes a survey of the need for such service. He added that the Sharon office is only one of a number of Social Security field offices being closed in order to bring about wartime economy.

This is an adjustment made necessary by the war, he said. "However, we will make every effort so that the people of Sharon will not be inconvenienced by the change. The field representative will take applications for social security account number cards, which will be delivered to the applicant's home by mail; help workers check on their individual social security accounts; answer questions about any phase of the old-age and survivors insurance program."

Helping persons with claims for insurance benefits is also a function of the field representative. Among those eligible for benefits are workers insured under the law who quit their jobs when they are 65 or older; their wives if or when they are also 65; aged widows of insured workers; widows of any age who have young children in their care; aged parents of insured workers who have died; provided the worker had been their full support.

Boys At Camp Rentz Have Treasure Hunt, Mosquito Boat Race
Activities at Camp Rentz on Friday proved to be some of the most spirited of the camp season. Immediately after the chapel service in the morning the boys left camp and took part in an exciting treasure trail hunt, which was laid by Dick McKee and Don Onash. Early afternoon found the boys participating in a mosquito boat race with Dick "Robbie" Onash coming out the victor after many thrilling races.

Evening found the boys back in the regularly scheduled baseball and

volleyball games. The Freaks, captained by Don Black, defeated the Flashes, captained by Arnold Lewis, with a score of 4-0. In volleyball the Pirates, captained by Jack Gordon, defeated the Bullfrogs, captained by Jim Snow. Evening was spent in combing the camp for things to fill out the lists of the scavenger hunt. After an hour and a half of hunting, the Director cabin emerged the winner by finding 18 out of 20 articles.

TWO SMALL FIRES

REPORTED FRIDAY

City firemen were called out twice Friday evening for small fires, no damage resulting in either instance.

At 6:32 p. m., an alarm from Box 26 summoned five pieces of apparatus to Neshannock avenue where it was found that an occupant of the building at 313-315 Neshannock avenue had emptied his pipe into a waste basket, and an ember in the pipe set fire to paper in the basket.

No damage resulted, but firemen had to search the building for the source of the smoke.

At 8:15 p. m. No. 5 department was summoned to the corner of Jefferson and Reynolds street, where some boys had set fire to an old davenport in the rear of St. John's Syrian church.

BOY SCOUTS

Bessemer Boy Scouts had their weekly meeting in Bessemer grade school on Thursday night. Games were played, under the direction of Patrol Leaders Dick Kanenizer, Bob Ellick and Nunzio Galletta. Wilbur Nelson, scribe.

CIRCUIT BURNED OUT

Coast Guardsmen Pleased At Dinner

Men of the U. S. Coast Guard Band which played at Taggart Stadium Friday night are musicians gathered from all parts of the country. Many of them came from the big name bands of the country but all of them left New Castle Friday night pleased with their reception here.

Shortly after they arrived in New Castle they were entertained at dinner in the U. S. O. center on the public square. The Red Cross Canteen service under Mrs. E. O.

Wilmarth and Mrs. William L. Cosel served the band a hot dinner topped off with home-made cake. The comments at the stadium were many and flattering over the dinner.

BICYCLE RIDER HURT IN MISHAP

Donald Grimes, aged 15, of 707 1/2 Crofton avenue, was admitted to the Jameson Memorial hospital at 1:20 p. m. Friday with a wound of the right leg, sustained in auto accident. He rode a bicycle into the car of Edna E. Gibson, R. D. 5, when she was driving into the court house parking lot in County Line street, according to her report to police.

Patterson Defends P-40 'Warhawk' As Top-Rank Fighter

Recent 14 To 1 Victory Over Jap Fighters Proves Craft Not 'Obsolete'

WASHINGTON July 31—In a blunt reply to critics of the army's fighter plane program, Acting Secretary of War Robert P. Patterson Friday described the maligned P-40 "Warhawk" as one of the top-ranking pursuit snips in World War II.

Patterson cited a report from Maj. Gen. Claire L. Chennault, commanding general, 10th Air Force, in China, disclosing that P-40's recently scored a 14 to one victory over Japanese fighters during a raid on Hankow.

"That is the plane that some of the critics say is worthless," he remarked at his news conference. Patterson's statement was the first official army comment on charges made by the Senate Truman Committee several weeks ago that the P-40 had a record of incompetent performance.

The Truman committee charged that the army and Curtiss-Wright Aircraft Corporation, Buffalo, N. Y., manufacturers of the plane, had concentrated production on P-40's which were "relatively obsolete when we entered the war," and had "more limited value than other fighter planes."

Gas Rationing Change Delayed

ICKES Now Plans To Meet Congressional Leaders In Midwest Areas

By ARTHUR F. HERMANN (I. N. S. Staff Correspondent)

WASHINGTON July 31—Petroleum Administrator Ickes today offered to meet with the unofficial congressional midwestern rationing committee in Chicago next week to discuss proposed changes in gasoline rationing outside of the eastern short area.

In a telegram to Congressman Clarence J. Brown, Chicago, chairman of the unofficial group, Ickes said his proposal was made in accordance with a promise to midwestern congressmen that he would meet with them before instituting any change in the gasoline rationing program.

"The oil situation in its relation to the war is such as not to admit of my postponing action until congress reconvenes," Ickes told Brown however.

Ickes' announcement came following disclosure that the petroleum report being prepared by war mobilizer James F. Byrnes will be delayed a week and bring a corresponding setback in the time when the east coast pleasure driving ban can be lifted.

Earlier this week Ickes suddenly switched his former pessimistic outlook on the possibilities of eastern motorists getting more gasoline and announced that increased ration allotments were in sight for automobile owners along the Atlantic seaboard provided no excessive military demands should arise. He pointed out, however, that any increase in motor fuel allocation in the east would be accompanied by trimming supplies for motorists in the southwestern and midwestern regions.

OCD NOTES

Activities of OCD Workers Are Outlined Here

OCD publication 2016 titled "Enemy Fire Bomb" has been mailed to group leaders, wardens and men in fire service. The booklet should be made available to each and every member of the group, so that they may study the different types of fire bombs and their description and how to immediately identify looking at in case of a bombing. This booklet contains pictures and description of all types of incendiary bombs, both German and Japanese. It also explains different markings. These markings are identification marks for the different types such as phosphorous, magnesium, thermite and other types of incendiary bombs. It explains their actions also whether it is a just a common incendiary. And many other things that our OCD personnel should be well acquainted with. Call on your group leader and ask him for next chance on looking over this booklet.

Mimeograph sheet titled "How to Protect Yourself Against Gas" and the change in clear signal, should be posted in group headquarters and called to the attention of all members of your group so that they will know of these things and in the case of gas, know what to do about it, and the revision of this signal for all-clear. It is absolutely necessary that all members of OCD in the many different branches should acquaint themselves with these changes, and the different bulletins published for their information.

Gas and gas mask instructions in a Refresher class will be held at No. 6 Fire Station, Smithfield St., at 2:30 p. m., Sunday afternoon, for the wardens and other persons interested in this district, which is composed of Posts 6-1 and 6-3.

A business meeting of Post 3-6 was held Thursday evening at 309 Fern street, with Victor Gardner, Senior Warden, in charge. Plans were made for a party to be held at the Post for all members, including wardens, fire watchers and messengers, Thursday evening, August 12. Any member of this Post who has not had First Aid is asked to attend First Aid at the Post every Wednesday evening, at 8 p. m.

Memorial Window To Be Dedicated At Trinity Church

New Stained Glass Window Is Gift Of Diefenderfer Family

A service of dedication for a new stained glass window in Trinity Episcopal church will take place at the eleven o'clock service on Sunday. The window has been given by the Diefenderfer family as a memorial. It will commemorate the lives of faithful service to the church by the late Dr. Victor H. Diefenderfer, who died in 1927, and Uletta Garvin Diefenderfer, who died in 1942, and their son, Ellis G. Diefenderfer.

The window, which is in the north wall of the nave, was designed by Howard G. Wilbert, well-known artist of the Pittsburgh Stained Glass company. It is in the Gothic style inspired by windows in medieval French cathedrals. The central lancet contains the figure of Christ, with John and Lazarus in the right lancet, and Mary and Martha in the left.

Scriptural basis for the design is "By this shall men know, that ye are My disciples," St. John 13:35. The dedication service will follow the creed in the communion service.

Sends Memento Of Tragic Plane Crash

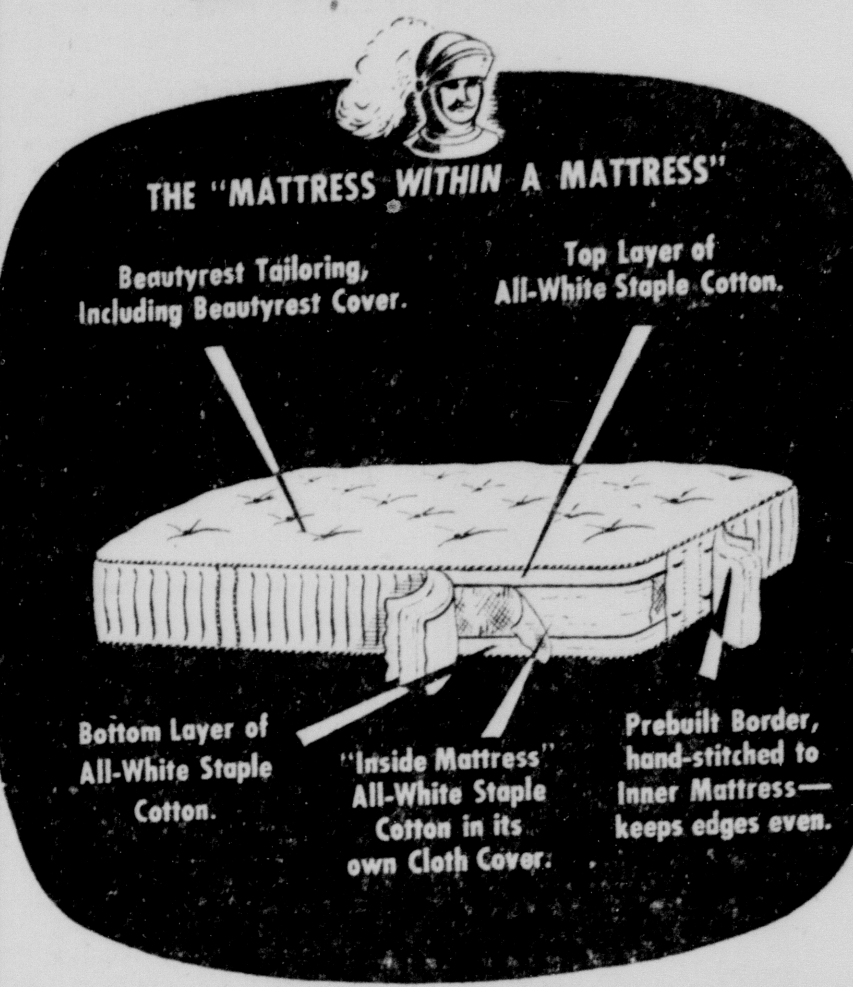

Cross Is Carved From Piece Of Plane In Which Bishop Leonard Died

On display at the German jewelry store, on East Washington street, is a cross, carved from the instrument board of an Army plane in which Bishop Adna W. Leonard, of Pittsburgh, Methodist church official, and Lieut. Gen. Frank M. Andrews met their deaths in Iceland on May 3.

The cross was carved out by Corp. Cecil J. Smock, who has been stationed in Iceland as a cook and baker with an engineering corps unit for the past 18 months. It was sent to his mother, Mrs. Hattie Smock, of 25 1/2 West North street.

The cuffs from 21 pairs of trousers contain enough wool to make one uniform.

You Bet I'm Going to be a Home Owner!

I'M A MEMBER OF THE FIRST FEDERAL POST-WAR HOME BUILDING CLUB

"THERE is no idle day dreaming of a home of your own when you join the home building club. Right away you start turning your plans into practicality! Why, the first thing you do when you make an application for membership is to designate how you are going to save up for that down payment. Whether it's going to be United States War Bonds or a First Federal Savings Share Account or both. Then you are put in a special group along with 9 other families and attend regular meetings. These meetings are held in the First Federal Directors' Room and the lectures are by "experts" in home building, architects, ... contractors, ... heating engineers, etc. Believe me, when you get through with this special home ownership training course you're not the typical uninformed home builder. You know exactly what you want... there are no costly mistakes. Then because there is a group instead of just a single family you may even save money on the actual cost of your home. It's a swell deal, and just think, it doesn't cost a cent! No membership fees, no dues! Anyone can join as long as they are sincerely interested in becoming home owners. It's great! Why don't you put your application in today?"

Moran Scores Two Knockdowns, Defeats Charity

Soldier Boy Defeats Golden Gloves 'Champ'

New Castle Boy, Now With Infantry In Tennessee, Floors Charity In Second And Third; Duddy Wins; Deshon Army Hospital To Realize More Than \$2,700 From Last Night's Proclivities In Taggart Stadium.

Pic. Frankie Moran of New Castle, an infantryman stationed in a Tennessee camp, decisively defeated Berle Charity, Golden Gloves champion, at 135 pounds in a fast three-round amateur battle in the Deshon hospital benefit at Taggart stadium last night. Moran floor Charity for counts in both the second and third rounds. Although in splendid physical condition, Moran's absence from the ring for a year was noticeable. There were seven other good fights. The hospital will realize about \$2,700. The boxing was staged by a committee operating under the auspices of the Jefferson A. C.

Both Moran and Charity were in the pink of condition. Charity has been boxing hereabouts regularly. Moran has been training to fight the Axis and has appeared seldom in the ring since he entered the army. However, he yet possesses a heavy punch and although he is a southerner, he is a right cross to the jaw that dumped the Ohioan in the second round, a count of nine. He got up, however, and sent a left hook to the stomach that made Charity wince and clinch. However, the P.C. couldn't find an opening for a clean or finishing punch.

Charity Down Again

In the third after shaking hands Moran forced the going as he did in the previous sessions with Charity circling backward. However, a left hook to the chin sent Charity down and most folk thought the evening's event had ended for the colored fighter, who is crafty. He got up and Frankie started after him. However, Moran slipped down and while he tried to find an opening, he couldn't get through with a clean, powerful shot. Berle jabbed and crossed now and then but plained lost the fight.

After Jimmy Wilson of Pittsburgh had showed his mastery over youthful Mickey Wargo, also of Pittsburgh at 126, Mark Duddy of this city fought long and lean Domes Nulph of New Bethlehem at 140 pounds. Mark knocked out Domes with a blow to the stomach in the second round. It was Duddy's second knockout within two weeks.

Douglass Wins

Eddie Mays, a Spanish-American from Warren, battle Gene Douglass of Youngstown at 126. The first round seemed with action but in the second Douglass draped Eddie over the ropes and the referee stopped the battle and awarded Douglass, a colored lad, a technical knockout. When Verne Nulph of New Bethlehem and Tommy Crockett of Youngstown, junior lightweight, let loose with their pugilistic artillery in the netted bout, Crockett, colored, gave as much as he received. It was a real good fight. The judges gave Nulph the nod.

They paired off two colored boys, and good ones too, when they sent off Bobby Timpon of Youngstown and Artie Robinson of Pittsburgh in a lightweight, or 135-pound fight. They slugged and then slugged some more. In the third round two old wounds on Timpon's eyes were reopened. He received the decision.

Besselman Draws "Nod" Jack Besselman, a classy light-haired youngster of Pittsburgh, defeated Roy Crews, Ellwood City (Lawrence county middleweight champion) at 150 pounds. Besselman proved too good for the first. They fought hard to the wind in the second and shifted their attack to the head in the last part of the fight. In the third Besselman outboxed Roy and was given the award.

The fighters were matched by Tommy Leach of the Jefferson A. C. and Ed Fritz had charge of the

MUTUEL TICKET SELLER MISTAKE IS WORTH \$240.20

CAMDEN, N. J., July 31.—Because Fred Soistman, a seller of mutuel tickets at Garden State race track, made a mistake, he was \$240.20 to the good today.

A patron handed him \$6 and asked for a combination ticket. Soistman hit the wrong button on the mutuel machine and had to take that ticket himself.

It was for Enchanted, a 316 to 1 shot, which came in second to pay off \$153.10 and \$93.10.

ring arrangements and direction. He alternated Referees Sam Levshock of Farrell, Corporal Jackie Fields, Deshon hospital, and George Chip, former middleweight champion of the world.

He also alternated the judges—Tommy Jones, Phil Greer, Harry Reese (Pittsburgh, formerly of this city), Frankie Ross and Harry Evans. Billy Pazzone was the timekeeper and Bart Richards was the announcer.

Norman Ross of Butler represented the State A. C. and Fritz, the A. A. U. B. J. Biondi, local alderman and a former deputy for the State Athletic commission, assisted Fritz at the ring.

No Delays At Ring

There were no delays. The boxers were ready at 8:30 p. m. to enter the ring. Yankee Pagley and the commission handled the weighing in.

Major H. C. Harper examined all of the boxers and treated Timpon's eye cuts as soon as Timpon left the ring.

Everybody liked the fights. The gross receipts, according to the count of the committee, was \$2,851 of which Uncle Sam collected \$285.10 in federal tax and the state of Pennsylvania \$142.56. The amateurs training expense bill plus their transportation cost \$300.

There will be several hundred dollars in donations which will give the hospital a sum of about \$2,700. All in all, it was a rather pleasant evening's event excepting in two bouts in which boxers had tempestuous voyages and were stopped thanks to the weatherman.

The attaches at Ben Franklin school headed by Garf Ligo cooperated wholeheartedly with last night's affair.

MOOSE CITY LEAGUE LEAD IN JEOPARDY

Rodenbaughmen Face Elders Sunday At 3; Indies Host To Potter Nine

In first place since the opening of second half hostilities, the Moose club risks its lead Sunday afternoon on Lee avenue field when the Elders invade the west side diamond. The clash starts at 3 o'clock.

The Rodenbaughmen sport a half game margin over the surging Lawrence Indies, first half kings. The Elders hold down third place with two wins and two losses.

Gunnert To Hurt Manager "Dory" Gunnert reports that he will be in a position to field a well-balanced club tomorrow. The east sider probably will take the mound in hopes of jarring the Moose.

On Mahoning field, the Indies rule the favorite in their meeting with the last place Shenango Pottery aggregation. The Indies grab first place in the event the Elders mow down the Moose.

PHILADELPHIA, July 31.—Bob Montgomery, lightweight champion of the world, and Fritz Zivic, former welterweight titleholder, today signed to swap blows in a 10 round non-title bout at Shibe Park, Philadelphia, on Monday night, August 23.

Promoter Herman Taylor said each fighter was guaranteed \$10,000 with the privilege of dividing 30 per cent of the gate instead. With a top price of \$5.75, Taylor estimated the match will draw a gate of \$60,000.

Bombers-Brass Series Square Babbitt Shop Bombers evened accounts with the Brass Shop (second turn) team by copping a 6-5 softball decision in an interesting clash played on Dean Park field.

R. Tommelio, Best, F. Millone and Hudson were feature swat-smiths for Bombers. J. Lamorella and G. Lamorella starred for the losers.

Each team has won two games. Score by innings: R. H. E. Bombers 121 020 000—6 9 1 Brass 120 020 000—5 8 1 Batteries: Bombers—Headland and Evans; Brass—Miscimarra, G. Lamorella and Burrelli.

Favor Rounders To Win Arlington \$50,000 Handicap

Field Of 13 Horses Named To Start In Washington Park Race Today

(International News Service) CHICAGO, July 31.—Several of the nation's leading handicap stars were included in the field of 13 horses named to start in the \$50,000 added Arlington handicap to be run at Washington Park today.

If all 13 entries go to the post in the mile and a quarter run the race will gross \$61,550 and be worth \$44,000 to the winner.

Likely favorites of racing fans were Rounders, winner of Arlington's \$50,000 Stars and Stripes handicap on July 5; Thumbs Up, which finished second in the same race, and Aletern, which came in third.

Rounders West King King of the mid-west performers, Rounders carries a heavier impost in the handicap than was assigned with him in the Stars-Stripes event. He has been assigned 124 pounds, or six more than Thumbs Up and 11 more than Aletern.

In their last meeting Rounders carried but 116 and Thumbs up 113. Rounders will be seeking a repeat victory in the handicap. He claimed the winner's share of the purse in the race last year when he beat Whirlaway, now retired, on a muddy track. It was on a similar track that he won the Stars and Stripes event.

Thumbs Up, dangerous in any type of footing and with less weight to carry, moved east after the July 5 race and won the \$30,000 Butler handicap.

Unseals Formula To Whip Champ; Says He has It In His Equipment

By DAVIS J. WALSH (International News Service Sports Writer) CHICAGO, July 31.—For all we know we might very well have been talking with the next heavyweight champion of the world yesterday.

The name is Lee Savold and, just in the event that that gives you a refined snigger, we would have you know that some very sterling characters like Jack Sharkey, Tommy Burns, Primo Carnera, and James Braddock have been heavyweight champions of the world. In other words, the title isn't always one to put on the snoot when company comes sidling in kind of furtively by the backstairs.

He's practically the only white man in boxing, outside maybe of Mike Jacobs, who hasn't been knocked out by Joe Louis.

"I can lick Louis," he said, and went on munching his filet mignon as though, after all, the whole thing didn't matter.

Optimistic Fellow He seems to feel the same about a rendezvous he has here, come Monday night, a week, with Lou Nova, the great experimenter, who has tried just about everything but chicken pox for the itch.

That is to say, Nova doesn't seem to matter, either. In the first place, the guy is really quiet, composed, poised. In the second, can box has youth, plenty of gizzard, can take it, give it and happens to be talking from the book of the Nova matter. He stopped the latter in another fight, the finish of which left Nova's status in some doubt since he didn't come out of his corner for the ninth.

Reveals Winning Formula "I've studied him a lot, know what he can do, and can't," said the fighter. "I'm as fast as he is with my hands, faster with my feet by a lot and can take twice the punch. There's only one way to beat Louis that I know of, and I happen to have it in my equipment.

"You've got to hurt him on the way in."

"Louis (gulp, gulp) is a great puncher but he doesn't knock you dead," Savold added. "The only way anybody'll beat me is in the shape I'm in now is to keep me down. By the way, why do you suppose a puncher like Louis almost never keeps a man down?"

We've been wondering about that ever since the night we saw him sport John Henry Lewis, skinny feeble and all but blind; have him down four times in less than a minute and yet fail to keep him there.

PHILS MAY BUY DERRINGER-LEE (International News Service) CHICAGO, July 31.—The sale of Pitchers Paul Derringer and Bill Lee by the Chicago Cubs to the Philadelphia Phillies appeared possible today with the deal being delayed only by dicker over what the Cubs will get in return.

William D. Cox, president of the Phils, arrived in Chicago Friday and conferred with Cubs General Manager Jim Gallagher on possibility of purchasing the two pitchers.

Gallagher, it was said, was ready to part with Derringer and also Lee, but hesitated until the final Cox offer was made.

Derringer, who came to the Cubs this year from Cincinnati, has lost 10 games and won six. Lee has spent his major league career with the Cubs and his record this year is three wins and seven losses.

TOUGH BREAKS With only a third of the schedule played, the St. Louis Browns had lost 15 games by a one-run margin.

SPORTS OF ALL SORTS

RACING: Slide Rule, No. 2, takes the \$60,000 Arlington Classic in Chicago, beating out Bourmont, No. 6, by a length and a half. Slide Rule was third to Count Fleet in Derby. Slide Rule paid \$11.40 for \$2.

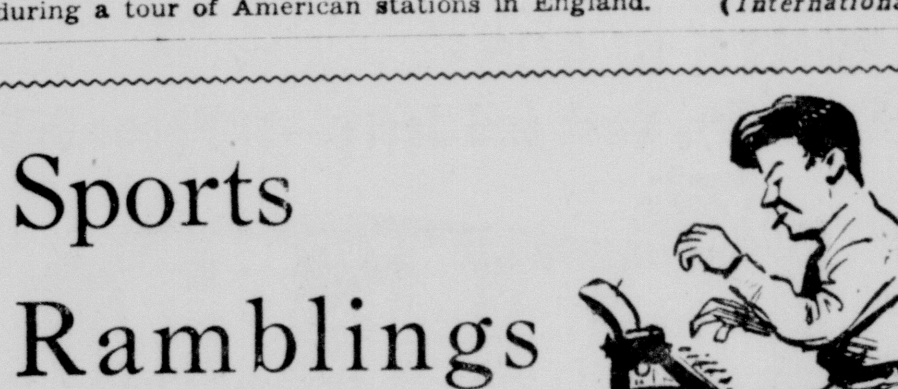

GOLF: Dale Morey of Indianapolis, left, gets his award of \$400 in War Bonds for winning the All-American amateur golf championship in Chicago. Bob Cochran of St. Louis, center, was second.

FOOTBALL: Daughter of Jim Thorpe, called the greatest athlete of all time, Grace Thorpe, now a member of the Women's Army Corps, "kicks off" at the WAC training center, Fort Oglethorpe, Ga.

Harris Claims He Helped Cox Get Pay Boost

Bucky's "Plug" Resulted In \$20,000 Increase; Dismissal Follows

(International News Service) PHILADELPHIA, July 31.—Another chapter in the Bucky Harris-Bill Cox feud was written today as the former Phillies manager disclosed he had helped to get the club president a \$20,000 pay increase three weeks before his own dismissal by Cox.

"It was the one who succeeded in getting him a raise from \$5,000 to \$25,000 a year—and three weeks later he fired me," Harris declared ruefully in Philadelphia prior to his return to his Washington, D. C., home.

Harris said that when members of the board of directors seemed hesitant to give Cox the raise, he told them:

"I think Mr. Cox deserves the increase because he has hustled and worked unrelentingly to improve the club."

Promised No Change Later another directors' meeting was held—at which Harris was not present—and it was decided to dispense with Harris' services, a former manager went on. Rumors drifted into the club but, Harris maintained, Cox told him two days after the secret meeting that no change would be made in the management of the Phillies.

"This in my opinion was a deliberate lie and I cannot digest that sort of thing," Harris charged. "I told Cox as much in St. Louis."

Harris also disclosed that he had been working under a verbal agreement "for the lowest salary I ever received as manager" plus a share in the profits.

FOUR JOCKEYS UNHURT IN SPILL AT CAMDEN PARK

(International News Service) CAMDEN, N. J., July 31.—William Helis Tropea and Victor Emanuel's Surrogate appeared to top a field of 11 in today's running of the \$5,000 added six-furlong William Penn Stakes at Garden State Park.

Hole Causes Mishap Four jockeys escaped serious injury yesterday in a sensational spill during the fifth race. While rounding the turn into the stretch, Pace-Setting Note stepped into a hole and went down with Jockey C. Kirk. Three horses piled on top.

Woods, Cavens up; Amperage and Doctor Graeme lost their jockeys, too. Willie Mann, aboard Amperage, was taken to a hospital and treated for bruises and brush burns, but the others continued in the meeting.

Mrs. M. Colford's Davitt went on to win, paying \$12.20, while Enchanted, a 316 to 1 shot, paid \$153.10 in second and \$93.10 to show. Daring finished third.

Dean Park Adds Thirteenth Win

League Leaders Nose Out Wolverines Friday Evening; Fannins, Penguins Tie

With the Liebeniederer brothers forming the battery, Dean Park Dodgers defeated the Wolverines in a Legion League game at Dean Park, Friday night by a score of 4-3 for their 13th win of the season, and have yet to lose a contest.

Liebeniederer fanned 15 men for his fifth win of the year, and gave two hits, one of these coming in the last frame, when the Wolverines scored three runs and threatened to tie it up. Pierce was the only man on either team to get two bingles Fletcher hurling five-hit ball for the losers.

Dean Park will play the Penguins on Monday at Dean Park.

In the only other league game played last evening, Penguins and Fannins battled to a 3-3 tie which was called because of darkness.

The scores: R. H. E. Dean Park 000 310 x-4 5 1 Wolverines 000 000 3-3 2 4 Batteries: Dean Park, R. Liebeniederer and H. Liebeniederer; Wolverines, Fletcher and Molsko.

R. H. E. Penguins 010 020 0-3 4 2 Fannins 010 002 0-3 5 1 Batteries: Penguins, Wimer, Andrews and Jackson; Fannins, Young and Webber.

Bishara's Hurling Halts Edgars, 10-2

With "Cannonball" Bishara hanging up a four hitter, the Edgars whaled the Arblasters, 10-2, in a United Engineering Softball league game played Friday night at Gaston Park.

The speedy twirler fanned 10 men. Suzow, for the opposite side, yielded a dozen blows. McKibben, Edgars and Locisano were top swat-smiths for the winners while Heckart connected safely twice.

Monday night, the Edgars and Morgrets play on B. T. W. field. Score by innings: R. H. E. Arblasters 010 001 0-2 4 2 Edgars 105 102 1-10 12 1 Batteries: Arblasters, Suzow and Krueger; Edgars, Bishara and Cappy.

Umpires: Gabby DeCaprio and Tony Pegnato.

Brooklyn Pitching Wavers; Bums Lose To Cubs; Bucs Laced

Phillies Surprise Cardinals, 3-2; Pirates Drubbed By 13-7 Margin

By JOHN CASHMAN (International News Service Sports Writer) NEW YORK, July 31.—After repeated thrashings in their latest turn downward in the National League, the Brooklyn Dodgers' mound staff has become a soggy lump of putty in the hands of any aggregation that feels like taking a belt out of them. A few more beatings such as they have been taking the last few days will establish the Brooklyn pitching corps as the worst in the league, barring New York.

Pitching lost a three-game series with the Chicago Cubs, the last two defeats coming yesterday in a 12 to 3 avalanche. In the Cubs' double defeat of the Dodgers Wednesday, Brooklyn poured six pitchers into the game, to no avail. Yesterday, the Bums' pitching parade was smaller, but no more effective. The Cubs lashed Rube Melton, Johnny Allen and Max Macon to 12 hits.

Bithorn Snared 13th While his clubmates were battling Dodger flippers silly, Hi Bithorn breezed through his 13th victory of the season. There is a tremendous significance in the difference between the two clubs' pitching performances.

The Cincinnati Reds, meanwhile, split a double-bill with the Boston Braves when the Reds gave their flag hopes a shot in the arm in the first game which they won, 2 to 0, but dropped the second, 3 to 0.

Pittsburgh must have done something to the Giants yesterday. For once the last place club made its opponent look silly.

Bucs Mauls 13-7 In this instance, it was the Pittsburgh Pirates, who took a 13 to 7 lashing from the Giants for their first loss in the current series. Explosions occurred in the second and third innings as the Giants collected 12 runs, and the Pirates kicked in with three displays.

It was Jimmy Waddell's pinch single with two out in the 11th frame last night that drove in Buster Adams to break a 2 to 2 deadlock and gave the Philadelphia Phillies a 3 to 2 victory over the league leading St. Louis Cardinals.

Moving over to the American League, the New York Yankees whipped the Cleveland Indians, 5 to 4, thus raising their total of home triumphs to 33 in the last 47 games. Jeff Heath, Cleveland outfielder, whacked two homers, but only four other hits were collected off Ernie Bonham, who chucked up his tenth victory.

The Detroit Tigers and the Boston Red Sox split a double-header, the Red Sox capturing the opener, 4 to 2, then dropping the nightcap, 5 to 2.

Nats Win 4-1 Washington got the jump on the Chicago White Sox tonight and won the last game of the series, 4 to 1, after dropping three. Early Wynn came through to help the Senators win giving up only five hits.

It took 11 innings for the Philadelphia Athletics to win last night when Dick Siebert's single to right put two out and sent Johnny Wela over the plate to defeat the St. Louis Browns, 3 to 2.

Yanks Find Hunting, Fishing Both Good Around New Britain (International News Service) SOMEWHERE IN NEW GUINEA, July 28.—Hunting was good and fishing was not bad either today off New Britain.

B-25 Mitchell medium bombers sank two enemy destroyers off Cape Gloucester, finished off a transport and when intercepted by 11 Zeros shot down two of them.

The bombardiers wasted little ammunition. They scored 14 hits on the biggest destroyer of the Terakuki type, in addition to two near-misses.

Both Nipponese warships were beached and burning fiercely after the first attack yesterday. Our boys put them out of their misery today.

The transport was an added fillip. Our planes dived low and strafed the passengers who were trying to leave the stricken surface vessel. There were no survivors.

Two Of Gunder's Engagements Off (International News Service) BOSTON, July 31.—Gunder Hagg will run only two more races in the United States and then he returns to Sweden where he hopes to meet Arne Andersson, the man who broke his mile record.

He will go to Cincinnati for a race on August 7th. This will windup his American tour.

The rest of Hagg's engagements have been cancelled.

SLOVENES MAKE BREAK THROUGH ITALIAN LINES

(International News Service)
LONDON, July 31—Yugoslav circles in London reported today that the fifth and sixth brigades of Gen. Draja Mihailovich's Slovene Partisans have broken through Italian lines and reached the Udine region of North Italy.

Patriot forces have stirred up the Slovene inhabitants of this area, it was said, many have joined the Mihailovich forces.

Fighting between Slovenes and Italians on Italian soil has been reported previously but never as far south as Udine.

Yugoslav patriots blew up a troop train near Zaječar, 105 miles southeast of Belgrade, killing 500 German and Bulgarian soldiers. A bomb placed beneath a bridge exploded as the train passed over.

Many soldiers who escaped death or injury in the blast later were captured by the Patriots, including their commanding officer.

Another report received by Yugoslav circles said the main railway connecting Zagreb with Banja Luka had been damaged severely by the Patriots. A clash near the Italian frontier was said to have accounted for 83 Axis troops.

Fr. Edmund F. Rowan Receives Assignment

Leaves August 5 For New
Duties At Nativity Church,
Northside, Pittsburgh

The Rev. Fr. Edmund F. Rowan, pastor of St. Monica's church, Wampum, will leave on Thursday, August 5, to assume new duties at the Nativity church, Northside, Pittsburgh.

The assignment was made by the Most Rev. Hugh C. Boyle, D.D., Bishop of the Pittsburgh Diocese.

Father Rowan would have been assigned in Wampum for three years this coming December. For the early part of his assignment he was assistant pastor of St. Monica's and since this past September has been in complete charge. His affiliations with the people of the district have been pleasant, and Father Rowan expressed his regret of having to leave the church parish. Among other activities of the church, Father Rowan took an active part as spiritual director of the St. Monica's Sodality.

Replacing Father Rowan here will be Rev. Fr. Frederick Atkinson, of St. Paul's Cathedral, Pittsburgh, who for the past ten years was in charge of the Cathedral chapel.

STIMSON, EISENHOWER CONFER IN AFRICA

(International News Service)
ALLIED HEADQUARTERS IN NORTH AFRICA, July 31—Secretary of War Henry L. Stimson conferred with Gen. Dwight D. Eisenhower "on the prosecution of the war" during his recent visit to North Africa official sources belatedly revealed Friday.

In his flying tour of inspection which carried him through several important air bases, Stimson visited the famed amphitheater at Carthage and also visited several former Tunisian battlefields. In addition, the war secretary talked to wounded troops in several hospitals.

ALBANIANS KILL 500 ITALIANS IN BATTLE

(International News Service)
CAIRO, July 31—Albanian patriot fighters recently ambushed and inflicted heavy casualties on three Italian columns operating in southern Albania, dispatches to Cairo disclosed Friday. Five hundred Italians were killed.

About 25 of approximately 100 native Albanians assigned to Penn State under the Navy V-12 training program, are seeking berths on Lion athletic teams this summer.

Woodlark Natives Look Fierce, Are Peaceful, Naive

Papuans Disappointed Be-
cause Yanks Came At
Night, Like Japs

By ART COHN

(U. S. Staff Correspondent)
WOODLARK ISLAND, Solomon
Sea, July 31.—

Dear Boss: For several years as-
sorted missionaries tried to convert
the natives of this Melanesian is-
land but finally gave it up as a bad
job.

They are a simple, childlike peo-
ple, the 800 Papuan natives who in-
habit this, General MacArthur's
newest bastion in the South Seas.
Fierce looking as they may be
with their ringed noses and ears,
fuzzy-wuzzy countenances and long
moustaches, they are a peace-
ful folk, practically vegetarians.
They feed mostly on yams, taro, ba-
nanas, manioc, beetles and
cocoanut juice.

Watch All Plans

When plans roar over head, be-
lieve me, they are friendly, they stand
in the open and watch with naive
amazement. I asked an interpreter
what he thought of the Allied in-
vasion.

"They disappointed," he replied.
"They knew white men coming but
disappointed because he came night
no moon. They expect him come
day. They say Jap come night, white
man no copy Jap, he not be afraid
come day."

The native, I gather, is rather
apathetic over the whole affair.
About eighty of the 800 Papuans
are working as laborers at the
standard Govt. scale of ten shillings
(\$1.60) per month. And most of
them are embarrassed by their
wealth, there being so few things
they can buy for currency.

That is, with the exception of a
wife.

Ceding Price On Wives

The ceding price on wives in the
Southwest Pacific is 120 shillings.
Thus, if a native works an entire
year and doesn't spend a nickel he
can buy one wife. With her, how-
ever, goes a ten-day trial and a

money-back guarantee in the event
of incompatibility.

His enlightened white brothers
well might ape some of the native
customs.

At this time I should like to dis-
sipate a few popular illusions...
Native women are not beautiful
they're as ugly as sin.

Americans hardly ever see a na-
tive woman, let alone get close
enough to hand her a yam.

Not Enchanted Isles

As a matter of fact, every man
here is disillusioned for life on the
so-called enchantment of South Sea
Isles. They are vile places filled
with pestilence and disease.
Everything in the jungle is mon-
strous, distorted out of all normal
proportion.

Insects aren't microscopic in size
they're as big as practice dogs. They
don't bite and let it go at that,
they have to send you to the hos-
pital and possibly the grave with
malaria, dengue, smallpox or heaven
knows what. Even the flowers are
so huge and ornately colored they
are ugly.

Yours, A. C.

Complete Plans For Army Unit At Westminster

(Special To The News)

NEW WILMINGTON, July 31.—
Lt. E. K. Davis, commanding offi-
cer of the 3324th Army Special-
ized Training Unit at Westminster
college, arrived on the campus yester-
day along with executive officers,
Lt. Carl Marcuson and Lt. Maurice
Frahm, to arrange plans for the
coming of over 300 army officer
candidates.

Westminster college, selected as
one of the ASTU units, will be
teaching Basic Engineering courses,
which are scheduled to begin
around September 13. In addition
other courses such as history, Eng-
lish, and geography will be of-
fered to officer candidate trainees
who will be on the campus from
12 to 16-week periods.

The first contingent of officer
material are expected around Aug-
ust 9. All trainees on the campus
will be in uniform and considered
on active duty. They will receive
pay just as though they were in
camp, following all the army regula-
tions.

Russia Claims Part In Italian Defeat

(International News Service)

NEW YORK, July 31.—Russia,
having fought and defeated crack
Italian detachments along the eastern
front, believes she has a stake
in the defeat of that nation and the
type government it should install
once Rome gives up the war. CBS
Correspondent Bill Downs reported
Friday.

In a broadcast from Moscow,
Downs declared:
"Russia has met and defeated
crack Italian soldiers in the Don
Bend, the Donetz Basin and on the
Voronezh front. She feels that she
has some stake in the defeat of
Italy and the kind of government
and policy the Italians should em-
ploy in Europe after the Fascists
are out of the war."

The wonder is that so many are
satisfied when nobody decides in
advance what kind of mate he really
wants.

James Mayberry Mayor Candidate

Announces Candidacy Subject
To Republican Primaries
In September

JAMES (JIM) MAYBERRY

To the Voters of New Castle:

I take this opportunity to an-
nounce my candidacy for mayor.

Identifying myself, I was born in
New Castle and have lived on N.
Crawford avenue in the third ward
for over 50 years. In my earlier
days I took part in all civic cam-
paigns, helping to organize and was
a director for two years in the com-
munity chest.

Was a charter member and past
president of Kiwanis club, also act-
ing president of Revpols School
Reunion and on the executive com-
mittee of Old Timers Association.
The mayor should be a man pos-
sessing business experience. I have
handled hundreds of thousands
of dollars making a success of my
own business selling Walk-
Over shoes for over 40 years of
which 27 was on Washington street.
In the meantime I operated a farm
employing over a thousand em-
ployees and I know what it is to
meet a payroll. In that time I
never discharged but one man and
secured for him a better job than
he had with me.

If elected I will not start the next
day to build political fences to sub-
sidize myself or run for another of-
fice. I promise not a new deal or
old deal but a square deal for all.

I am no reformer and realize that
an industrial city the size of New
Castle can't have a fence around it,
but some 16 and 17-year-old kids
will have to find a new loafing
place at nights instead of being in
some bums.

The politicians, the number writers
and majority of police force are
against me and I want to take this
opportunity to thank them.

If elected I will be under no obli-
gations to any of these groups. I
think it behooves all good citizens
to see to it that the chief executive
of their city is under no obligations
to the above mentioned or any other
group.

If honored with the office of
mayor I pledge a business adminis-
tration instead of political and I
will be mayor.

If you voters are tired of the way
politicians are handling things from
Washington, D. C. down and want
a change, if elected with your co-
operation we can make a start right
here at home.

Every person drawing a salary
from the city from the mayor down
is going to have to realize that they
are tax payers employees and not
their boss, and courtesy will be first
on the list.

TAX RUSH

A look at the county treasurer's
office this week would seem to in-
dicate people were not paying their
taxes. They are, but by mail. On
Thursday 175 envelopes came in
with an average of three cards in
each. On Friday the total went to
nearly 200. On Thursday the num-
ber of tax payments made was 875,
but few people were at the windows.
The payment by mail saves every-
body time.

HEATING SYSTEM GONE

County commissioners discovered
this week that the heating plant of
the county home is badly in need
of repairs. The piping which was
laid in ashes instead of earth and
the ashes have eaten the pipes
away. The job will probably cost
between \$6000 and \$7000.

being cleaned.

Girl Takes Over Erie Ice Route

Truck Supplies Over 70 Cus-
tomers; Also Has Milk
Route

(International News Service)

ERIE, Pa., July 31.—Even the ice
man has turned over his duties to
a member of the fairer sex. In
Erie, Francine Moore, 18, drives an
ice truck supplying seventy cus-
tomers.

Miss Moore, daughter of Mr. and
Mrs. Forest Moore, of Waterford,
is athletically inclined and doesn't
find it a bit difficult to handle
the fifty pound chunks of ice. And
not only is she an "iceman" but a
"milkman" as well in busy sea-
sons at her father's dairy farm.

When the milk truck drivers at
the Moore's dairy joined the army,
Francine pitched in. During the
busy season she took loads of milk
daily to Meadow Brook and Ecoma
in Erie and on the return trip
picked up a load of ice which she
delivered in Waterford.

Now that the dairy season is slow-
ly, Francine is concentrating most-
ly on the ice business. She begins
about 7:30 in the morning and
finishes up by 1:30. Francine's
profits this summer will help pay
her expenses for her sophomore
year at Cheshbrough Seminary near
Rochester, N. Y., next September.

"I am captain and he is first
mate," says a Hollywood movie wife.
She must be a mere kid if he is her
first.

Sees Fledgling Use Camouflage

Friday evening Nick R. Casillo of
West Winter avenue, in conversa-
tion with Owen Fox, city forester,
spoke of seeing a rare bird, the
black billed cuckoo. Mr. Casillo on
Thursday evening saw this unusual
bird catch a Katy-did.

Watching a bird's movements, he
observed that it flew into a clump
of blackberry bushes, where it stay-
ed for a time.

Thinking that the cuckoo proba-
bly had its nest in the bushes, he
investigated, and found the nest
with one fledgling therein. When
the young bird espied Mr. Casillo
it set as if it were "frozen".

Remaining quite still, with its bill
pointing skyward.

This young cuckoo as it set in
the nest appeared to be like a piece
of old wood covered with fungus.

This is a trait of these young birds
while they occupy the nest, which
is their instinctive method of cam-
ouflage. Nick declared not to re-
main long in the vicinity lest the
parent bird scared by his pres-
ence would desert its young.

Mr. Casillo states that this is
the first time he has seen the black
billed cuckoo with its nest of young.
The yellow billed cuckoo is more
plentiful.

Lady Astor Fined For Violation Of War Rationing Law

(International News Service)

LONDON, July 31.—Lady Astor,
American-born MP whose pointed
remarks in parliamentary debate
have brought her international at-
tention, Friday was fined \$240 after
she pleaded guilty to an attempted
violation of Britain's rationing laws.

She was fined 50 pounds, plus 20
pounds costs, for allegedly writing
a friend in America to send her
clothing from that country. Ac-
cording to the summons, she asked
the friend to look at a fur jacket
advertised for sale; in addition to
a dress, white skirt, evening gown,
stockings and gloves.

In her defense, Lady Astor de-
clared that she had had no idea she
was acting illegally or doing any-
thing to impede the nation's war
effort. The magistrate accepted her
explanation in considering the case.

It is a violation of the law in
Britain to ask persons living abroad
to obtain such items as clothing for
shipment into the country for per-
sonal use.

Peace By Executive Agreement Possible, Says Irate Senator

O'Mahoney Flays 'Secrecy' In
Executive Branch, Thou-
sands Of Directives

(International News Service)

NEW YORK, July 31.—Sen. Jo-
seph O'Mahoney, Wyoming Democrat
warned Friday that the adminis-
tration's method of making execu-
tive agreements with other nations
may preclude formation of any
peace conference or treaty.

In the August issue of Forbes
Magazine, O'Mahoney wrote that
"America is being made over—and
we don't like it!"

"Behind the curtain of executive
secrecy, a whole network of execu-
tive agreements with other nations
is being contrived. As a re-
sult, there may never be a peace
conference or a peace treaty. From
conference or a peace treaty, the
people are not being allowed to
know what is going on or to
pass judgment on what is being
devised."

Blasting the administration for
issuing "nearly 4,000 executive or-
ders—almost as many laws passed
by congress" in the last 10 years,
the Wyoming senator termed the
trend toward representative democracy
but "the negation of all that is
democratic."

O'Mahoney added that the orders
were prepared secretly by "110 or-
der-issuing agencies of the execu-
tive government... and became
laws which congress never saw un-
til they were published."

He likewise decried the lend-
lease system which he said "has be-
come a gigantic financial instru-
ment of the executive by which,
without the advice or consent of
congress, the global shape of things
to come is being prepared."

SCARCITY

Boys and Girls like ice cream.
Milk and cream are very neces-
sary for growing youngsters.

Lots of girls who will not take
milk any other way will eat all the
ice cream they can get.

It is rather scarce just now. Why
not make it yourself.

Milk and cream and gelatin or
pudding mix stirred up and frozen
in the refrigerator make pretty good
eating.

The flavor can be chocolate or
anything you like. Fruit or berries
can be mixed in with it.

Maybe the berries taste too much
of alter.

Canned peaches taste good in ice
cream.

It might be a good idea to keep
a tray full all the time. Maybe
Peggy would sneak some of it some-
times. It would keep her eyes bright
and make her "tummy" feel good.

WANT TOSCANINI BACK

(International News Service)

LONDON, July 31.—A dispatch
"from the Italian frontier" Friday
said the exterior of the famous La
Scala opera house in Milan bears
pencil-scratched appeals for the re-
turn of Italy's beloved maestro,
Arturo Toscanini, an ardent anti-
Fascist now in the United States.

The dispatch said the appeal was
echoed editorially by the newspaper
Corriere Della Sera. Toscanini
once was conductor of the world-
famed La Scala Opera Company.

Death is not so tragic, since all
must die. The tragedy is to die
needlessly or to die nobly for those
who are not worthy of it.
